

*Canadian Navigable Waters Act*

The City of Surrey hereby gives notice that an application has been made to the Minister of Transport, pursuant to the *Canadian Navigable Waters Act* for approval of the work described herein and its site and plans.

Pursuant to paragraph 7(2) of the said Act, The City of Surrey has deposited with the Minister of Transport, on the on-line Navigable Waters Registry (<http://cps.canada.ca/>) and under registry number 6532, or, under the NPP File Number 2022-507949 a description of the following work, its site and plans:

Testing a small-scale salt marsh enhancement project referred to as S1 Pilot which is part of the larger Coastal Foreshore Enhancement Project, a joint undertaking by the City of Surrey, City of Delta, and Semiahmoo First Nation. The S1 Pilot is located approximately 170 m east of the Eugene Creek floodbox extending 320 m to the east following the northern shoreline of Mud Bay. The enhancement project sits entirely within the provincially-controlled Boundary Bay Wildlife Management Area in front of the Colebrook Sea Dyke.

Comments regarding the effect of this work on marine navigation can be sent through the Common Project Search site mentioned above under the Comment section (search by the above referenced number) or, by sending your comments directly to #820-800 Burrard Street, Vancouver BC, V6Z 2J8, if you do not have access to the internet.

However, comments will be considered only if they are in writing (electronic means preferable) and are received not later than 30 days after the publication of the last notice. Although all comments conforming to the above will be considered, no individual response will be sent.
