

Safe & Active Schools

- ***School Safety and Operational Review***
 - Review walking, cycling and vehicle access, movements and parking
 - All 120 elementary and secondary schools
 - Started in Feb 2009: 60 elementary schools so far
 - Identify operational issues and concerns
- ***School Action Plan - Engineering***
 - Short, intermediate and long term projects
 - Priorities: need, timelines, budget → monitoring
 - More than **40 projects** in 2010:

6 sidewalks	6 curb bulges
35 traffic calming (23 confirmed)	3 crosswalks (1 built; 2 in design)
5 pedestrian signals (4 built; 1 in design)	4 overhead illuminated signs for crosswalks

Safe & Active Schools

- ***School Action Plan - Educational***

- Implement programs in tandem with engineering improvements

- Supported by School District #36, RCMP, VACC, BEST and other City Departments

- City of Surrey contributions:

- Vehicle and pedestrian counts

- Mapping basis and other information

- Engineering improvements

- School Travel Plan (STP) Coordinator

- 3 elementary schools initially:

- Strawberry Hill; Bridgeview; George Greenaway

- Hands-up survey for a week, family survey sent home, walkabout with Stakeholders and School STP Committees
