

# Public Open House

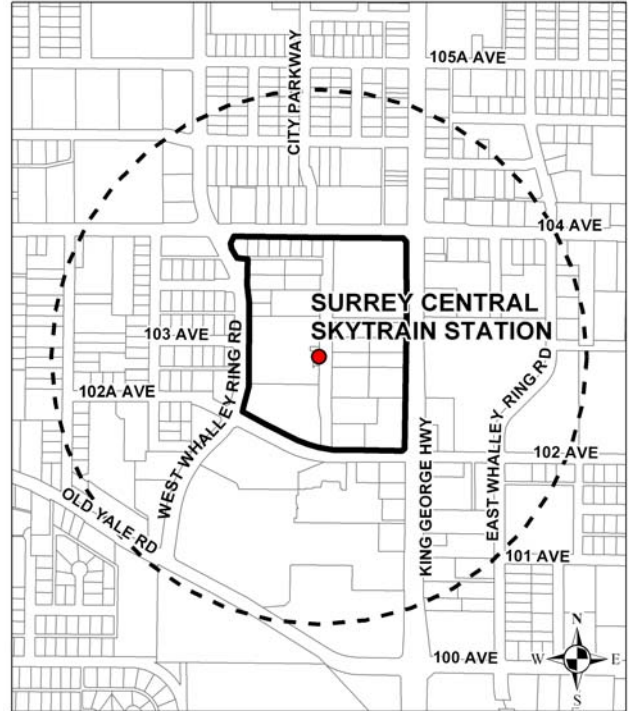

## Surrey Central Transit Village Project

A Public Open House is being held to present preferred land use and transportation options for the Surrey Central Transit Village Plan, and to receive input and comments from the Public.

The Surrey Central Transit Village is one of the six components of the Urban Transportation Showcase Program, funded through a partnership with Transport Canada, the City of Surrey, the GVRD and TransLink. The Showcase Program encourages Canadian municipalities to adopt transportation and land use patterns that promote sustainable forms of transportation such as transit, walking, and cycling.

The Plan is exploring options for a finer street grid to create streets that are safe and attractive for pedestrians, cyclists, vehicles and transit. The goal is to create an attractive, safe, compact, high-density, mixed-use community, centred on the SkyTrain station.

The study area is the 500 metres around the Surrey Central SkyTrain Station, with specific focus on the area bounded by 102 and 104 Avenue, and West Whalley Ring Road and King George Highway.

**The Public Open House will be:**

**Tuesday, March 21, 2006  
3:00pm to 7:00pm  
Foyer –Central City Tower  
13450 – 102<sup>nd</sup> Street**

Further information may be obtained by calling the Planning & Development Department at 604.591.4441, by visiting the Planning & Development Department at Surrey City Hall, by e-mailing the City at [gdmitchell@surrey.ca](mailto:gdmitchell@surrey.ca) or by visiting the City's website at [www.surrey.ca](http://www.surrey.ca), (click on "Living in Surrey", "Community Development", "City and Neighbourhood Plans and Projects" and then "Plans in Progress" and then the "Surrey Central Transit Village" link.)
