# REQUEST FOR PROPOSALS

## 1. INTRODUCTION

### 1.1 Purpose

This request for proposals ("RFP") is issued by the City of Surrey ("City") to acquire a qualified and experienced service provider to deliver business consulting services to support the ongoing Surrey Light Rail Transit (LRT) communication activities on an "as and when required" basis. These may include, but are not limited to, support urban integration and advocacy work streams, review project engagement and communications, preparation of key messages and communication strategies, provision of general advisory services ("Services"). Qualified entities are invited to submit a Proposal to provide business consulting services as detailed in Schedule A – Scope of Services.

The work may be part of one or several, small or large initiatives and projects as defined by the City through an established resource engagement process.

The City has defined a series of business roles that may be required throughout the Term of the agreement. At the City's discretion, the composition of each Proponent's delivery team may involve resources provided by the Proponent, personnel from a third party consultant, and City employees.

### 1.2 Background

In 2014, the Mayors' Council established a 10-Year vision that encompassed all the major capital projects in the region, including the delivery of a 27-km light rail transit (LRT) system in Surrey.

The technical design work continues to advance towards the procurement of the planned light rail transit network, further refining design certainty and cost estimates to +/-15% to satisfy provincial and federal funding requirements and the submission of a business case.

In November 2016, a substantial funding commitment (phase1) was approved by the TransLink Board of Directors and Mayors' Council which allowed planning, design and consultation efforts for the Surrey Newton Guildford LRT (SNG) project to be advanced to the pre-procurement stage. The 2017 Federal budget has also committed Phase 2 funding to the SNG LRT Project.

### 1.3 Nature of the Engagement

It is understood and agreed by the Consultant that should the Consultant be selected by the City, it will result in a Standing Offer ("Standing Offer Agreement) only and the Services will be ordered by the City solely on an "as and when required" basis. The

aggregate value of Services which may be ordered is conditional upon the needs of the City. No compensation will be accrued, owed or paid to any Consultant in the event that the Services are not ordered. If a Standing Offer is executed by the City, at the sole option of the City, the City may place an Order, for the Services specified in the Order and the Consultant agrees to provide those Services. The parties agree that the City may not place any orders for Services with the Consultant for the duration of the term of the Standing Offer. The parties agree that the City may purchase identical or similar Services from any other sources.

## 4.2 Evaluation Criteria

The Evaluation Team will compare and evaluate all Proposals to determine the Proponent's strength and ability to provide the Services in order to determine the Proposal which is most advantageous to the City, using the following criteria:

**(a) Experience, Reputation and Resources**

The Evaluation Team will consider the Proponent's responses to items (i) to (viii) in Schedule C-2.

**(b) Technical**

The Evaluation Team will consider the Proponent's responses to items (i) to (v) in Schedule C-3.

**(c) Financial**

The Evaluation Team will consider the Proponent's response to Schedule C-4.

**(d) Statement of Departures**

The Evaluation Team will consider the Proponent's response to Schedule C-1.

The Evaluation Team will not be limited to the criteria referred to above, and the Evaluation Team may consider other criteria that the team identifies as relevant during the evaluation process. The Evaluation Team may apply the evaluation criteria on a comparative basis, evaluating the Proposals by comparing one Proponent's Proposal to another Proponent's Proposal. All criteria considered will be applied evenly and fairly to all Proposals.

## 4.3 Discrepancies in Proponent's Financial Proposal

If there are any obvious discrepancies, errors or omissions in Schedule C-4 of a Proposal (Proponent's Financial Proposal), then the City shall be entitled to make obvious corrections, but only if, and to the extent, the corrections are apparent from the Proposal as submitted, and in particular:

- (a) if there is a discrepancy between a unit price and the extended total, then the unit prices shall be deemed to be correct, and corresponding corrections will be made to the extended totals;
- (b) if a unit price has been given but the corresponding extended total has been omitted, then the extended total will be calculated from the unit price and the estimated quantity;
- (c) if an extended total has been given but the corresponding unit price has been omitted, then the unit price will be calculated from the extended total and the estimated quantity.

#### **4.4 Litigation**

In addition to any other provision of this RFP, the City may, in its absolute discretion, reject a Proposal if the Proponent, or any officer or director of the Proponent submitting the Proposal, is or has been engaged directly or indirectly in a legal action against the City, its elected or appointed officers, representatives or employees in relation to any matter, or if the City has initiated legal action against any officers or directors of the Proponent.

In determining whether or not to reject a Proposal under this section, the City will consider whether the litigation is likely to affect the Proponent's ability to work with the City, its consultants and representatives and whether the City's experience with the Proponent indicates that there is a risk the City will incur increased staff and legal costs in the administration of the Contract if it is awarded to the Proponent.

#### **4.5 Additional Information**

The Evaluation Team may, at its discretion, request clarifications or additional information from a Proponent with respect to any Proposal, and the Evaluation Team may make such requests to only selected Proponents. The Evaluation Team may consider such clarifications or additional information in evaluating a Proposal.

#### **4.6 Interviews**

The Evaluation Team may, at its discretion, invite some or all of the Proponents to appear before the Evaluation Team to provide clarifications of their Proposals. In such event, the Evaluation Team will be entitled to consider the answers received in evaluating Proposals.

#### **4.7 Multiple Preferred Proponents**

The City reserves the right and discretion to divide up the Services, either by scope, geographic area, or other basis as the City may decide, and to select one or more Preferred Proponents to enter into discussions with the City for one or more Contracts to perform a portion or portions of the Services. If the City exercises its discretion to divide up the Services, the City will do so reasonably having regard for the RFP and the basis of Proposals.

In addition to any other provision of this RFP, Proposals may be evaluated on the basis of advantages and disadvantages to the City that might result or be achieved from the City dividing up the Services and entering into one or more Contracts with one or more Proponents.

#### **4.8 Negotiation of Contract and Award**

If the City selects a Preferred Proponent or Preferred Proponents, then it may:

- (a) enter into a Contract with the Preferred Proponent(s); or
- (b) enter into discussions with the Preferred Proponent(s) to attempt to finalize the terms of the Contract(s), including financial terms, and such discussions may include:
  - (1) clarification of any outstanding issues arising from the Preferred Proponent's Proposal;
  - (2) negotiation of amendments to the departures to the draft Contract, if any, proposed by the Preferred Proponent as set in Schedule C-1 to the Preferred Proponent's Proposal; and
  - (3) negotiation of amendments to the Preferred Proponent's price(s) as set out in Schedule C-4 to the Preferred Proponent's Proposal and/or scope of Services if:
    - (A) the Preferred Proponent's financial Proposal exceeds the City's approved budget, or
    - (B) the City reasonably concludes the Preferred Proponent's financial proposal includes a price(s) that is unbalanced, or
    - (C) a knowledgeable third party would judge that the Preferred Proponent's price(s) materially exceed a fair market price(s) for services similar to the Services offered by the Preferred Proponent as described in the Preferred Proponent's Proposal; or
- (c) if at any time the City reasonably forms the opinion that a mutually acceptable agreement is not likely to be reached within a reasonable time, give the Preferred Proponent(s) written notice to terminate discussions, in which event the City may then either open discussions with another Proponent or terminate this RFP and retain or obtain the Services in some other manner.

## **5. GENERAL CONDITIONS**

### **5.1 No City Obligation**

This RFP is not a tender and does not commit the City in any way to select a Preferred Proponent, or to proceed to negotiations for a Contract, or to award any agreement, and the City reserves the complete right to at any time reject all Proposals, and to terminate this RFP process.

### **5.2 Proponent's Expenses**

Proponents are solely responsible for their own expenses in preparing, and submitting Proposals, and for any meetings, negotiations or discussions with the City or its representatives and consultants, relating to or arising from this RFP. The City and its representatives, agents, consultants and advisors will not be liable to any Proponent for any claims, whether for costs, expenses, losses or damages, or loss of anticipated profits, or for any other matter whatsoever, incurred by the Proponent in preparing and submitting a Proposal, or participating in negotiations for a Contract, or other activity related to or arising out of this RFP.

### **5.5 Solicitation of Council Members, City Staff and City Consultants**

## SCHEDULE A - SCOPE OF SERVICES

Reporting to Mr. Paul Lee, Acting Project Director of the SNG LRT Project, a representative of the City, who has overall responsibility for the project, and will be the resource on matters related to the planning, administration and delivery of the advisory services for the project. The Consultant will ensure that the Services including, but not limited to, the Consultant's resources are planned and carried out in a timely cost effective and risk appropriate manner.

### 1. Scope of Services

On an "as and when required" basis, the Consultant may be requested to deliver to the City the following advisory services to support the planning, design, and decision-making regarding light rail transit (LRT), including the following:

Task 1: Support for City of Surrey with regards to communication, advocacy, and urban integration work; and

Task 2: Possibility for additional items on an "as and when required" basis.

Individual assignments will be provided to the Consultant to address strategic and tactical requirements, related to the project. Upon receiving individual assignments the Consultant will prepare a work plan and calendarized budget for each assignment and submit the work plan and budget to the person named above for review and approval.

The scope of Services is to provide the City advice and counsel to support advancement of light rail. This may include:

- assistance with respect to community and urban planning and development themes for Surrey LRT;
- identification of municipal design and urban integration needs and requirements;
- preparation of key messages, communications strategies and tactical plans for internal and external audiences, including decision-makers, as required;
- support for Council strategy and decision-making sessions;
- attend meetings with City staff and the wider Project team (TransLink and Consultants);
- identification of agreement frameworks and supporting negotiation strategies; and,
- other services as required.

The Consultant may or may not work independently of City staff or other contracted resources. In some cases, there may be teams of Consultant, City staff or other contracted resources working closely and in an integrated manner; in other cases, work may be assigned directly and fully to the Consultant. This requirement will vary between assignments and will be clarified through a statement of work.

The Consultant will support Surrey City Council sessions through an intensive work program (dates to be determined). The following are a series of key activities that the Consultant should undertake:

- Work with the City and Translink project staff to identify key themes with respect to urban integration and development, and the preparations of associated developmental and presentation materials;
- Support urban integration work streams by developing work programs and project parameters and attending workshops and meetings organized by Translink's consultants,
- Review stakeholder engagement and communications including the participation of project and working group meetings, reviewing material developed by Translink consultants, and developing key messaging, visuals, presentations and technical notes;
- Prepare key messages, communication strategies and tactical plans for internal and external stakeholders and audiences, including senior management and decision-makers;
- Refine City-led communications and advocacy plan, to include any action and tactical plans and timelines that will allow the allocation of resources to be considered;
- Provide general advisory services with ongoing input and comments regarding communications and urban integration tasks, including strategic advice for both internal and external meetings as required; and
- Other related services as required.

Given the breadth and scope of the advisory services for Surrey LRT, the City may be required to use resources other than those of the Consultant; consequently, the City may choose to procure another consultant to deliver the in-scope Services, if, in the opinion of the City:

- The Consultant cannot meet the requirements of a statement of work, if, by way of example, the Consultant does not have or cannot propose suitable resources, or the Consultant cannot meet the City's timelines;
- The City and the Consultant cannot negotiate the terms of the statement of work successfully, or will not be able to in the timeframe required; or
- The City determines that it is in the best interest of the City if another consultant delivers the Services (as an example, if there is a real or perceived conflict of interest).

In addition, the City reserves the right to:

- Use in-house resources at any time for in-scope projects; and
- Use other resources currently under a services contract with the City for in-scope Services or where that work is within the scope of the existing services contract with those resources.

## **2. Budget**

The Proposed procurement will have a projected value in the range of \$120,000 dollars, including all applicable taxes, for the duration of the Term.

## **3. Financial Reporting**

Financial status reporting will be required for each assignment as set out in a statement of work, in a form and frequency satisfactory to the City. Financial status reporting may include the following:

- (a) declaration of hourly, fixed-price, milestone, or other deliverables as appropriate;
- (b) forecast and actual cost, which may include hours and hourly rates depending on agreed-upon payment type;
- (c) approved expenses;
- (d) relevant summary reports;
- (e) actual costs reconciled to invoices; and
- (f) any other information requested by the City in support of internal financial processes.

All payments will be tied to pre-approved statements of work and may include hourly, fixed price, milestone, or other payment methods.

## **4. Management Representation**

The Consultant should provide a management-level representative to assist in agreement management and to be an escalation point for agreement performance issues. This function is not identified as a role in this RFP.

## **5. City Responsibilities**

The City will be responsible for:

- (a) engaging the Consultant's management representative prior to the commencement of an assignment requiring Resources;
- (b) defining the Consultant's engagement in terms of objectives, requirements, deliverables, desired assignment outcomes and critical success factors;
- (c) usage of in-house (City) resources at any time for Surrey LRT advisory services;
- (d) usage of third party resources currently under a separate services contract with the City, where available, where the City determines that the proposed functions are within the scope and terms of the separate services contract;
- (e) assessing and approving any replacement resources proposed by Consultant pursuant to the terms of the agreement;

- (f) whenever possible, when a specific resource is required on several initiatives, scheduling the initiatives in parallel or back-to-back to assist the Consultant in planning other work engagements for their resources;
- (g) providing performance standards to the Consultant for measuring the effectiveness of the agreement and the relationship between the Consultant and the City; and
- (h) determining and advising the Consultant of which resources are required to work at Surrey City Hall and which resources may work remotely.

## **6. Engagement Process**

The City has established the following resource selection and engagement process for specific assignments. Generally, this process consists of the following broad steps:

1. **Pre-Initiation:** The City provides a high-level definition of the assignment scope, resource requirements, budget estimates and timeline.
2. **Initiation:** A service request is created in a form suitable for the engagement by the City that may include the scope of work, an estimate of resource requirements, timelines and any budget limitations. This service request is presented Rapid Transit & Strategic Manager, Rapid Transit & Strategic Projects Section, Engineering Department that will approve, reject or request refinement to the service request.
3. **Pre-Engagement:** If approved, the City will produce a statement of work to formally request resources from the Consultant. The request for resources will be reviewed by the Consultant, and the Consultant will respond by providing the names of equivalent and available resources in accordance with the statement of work.
4. **Approval:** Each statement of work will be reviewed by the City to ensure alignment with the intent of the service request and resource availability. A decision will be made by the City to proceed as proposed; put the request on hold; or cancel the request. If the statement of work is approved to proceed, the City will advise the Consultant and the statement of work will be deemed to be appended to the agreement.

## **7. Resource Equipment**

The Consultant is expected to supply all equipment, materials and supplies required by each team resource member to perform the Services.

The Consultant will be responsible for deductible amounts under the insurance policies. All of the Consultant's insurance policies will be primary and not require the sharing of any loss by the City or any insurer of the City.

## **7.5 Consultant Responsibilities**

The Consultant acknowledges that any requirements by the City as to the amount of coverage under any policy of insurance will not constitute a representation by the City that the amount required is adequate and the Consultant acknowledges and agrees that the Consultant is solely responsible for obtaining and maintaining policies of insurance in adequate amounts. The

insurance policy coverage limits shall not be construed as relieving the Consultant from responsibility for any amounts which may exceed these limits, for which the Consultant may be legally liable.

If the City terminates this agreement as provided by this Section, then the City may:
