(o) C-D Comprehensive Development Zone:

The development cost charges shall be those charges as hereinbefore provided to be based on the uses or combination of uses as permitted for the land under the C-D Zone, being those uses permitted in C-C, C-R(1), C-R(2), C-R(3), C-R(4), C-15, C-35, C-S, C-8, C-8A, C-H, CHI, C-L, C-4, C-5, C-G, C-G(1), C-G(2), CG-1, CG-2, C-T(1), C-T(2), CTA, I-G, IL, I-H, IH, I-W, I-P(2), I-1, IB, I-S, IS, I-T, I-C, I-A, RS, RA, R-A(G), RA-G, R-1, RH, R-H(G), RH-G, R-F, R-F(R), R-F(F), RF, R-F(C), RF-G, R-F(M), RM-M, RT-1, RM-10, RM-15, RM-1, RM-30, RM-2, RM-45, RM-3, RM-70, RM-135, RMC-135, RM-4, RMC-150, P-R, CPR, CPG, CPM, P-P, RMS-1, RMS-2, P-P(1), CCR, P-P(2), P-A, PA-1, PA-2 and PI zones, as applicable. However, where the combination of commercial and industrial uses are permitted for C-D zoned land, then the development cost charges shall be those charges as hereinbefore provided for commercial zones.

II. Where a Section 286 Agreement is in place and provides services identical to those covered by a development cost charge levy, the development cost charge levy for that service will be reduced to the extent of the amount paid by the Section 286 levy. However, in no event shall this reduction exceed the development cost charge levy for that specific service.

III. Where an approved Land Use Contract is in place and provides services identical to those covered by a development cost charge levy, the development cost charge levy for that service will be reduced to the extent of the amount paid or to be paid pursuant to the approved Land Use Contract. However, in no event shall this reduction exceed the development cost charge levy for that specific service.

IV. The development cost charges for park land included in Section I above have taken into consideration that a portion of our park land requirements will be provided by land dedication requirements pursuant to Sections 992 of the Municipal Act.

The development cost charges described in Section I above have assumed that all developments would dedicate the maximum amount of land permitted to be dedicated for park land pursuant to Section 992 of the Municipal Act which is 5% of the land being developed. Based on this assumption, a credit has been deducted from the cost of acquiring the land required for park land by an amount equal to the estimated value of the land to be received by the maximum 5% land dedication.

If these acquisitions by land dedication had not been taken into consideration, the per unit development cost charges in Section I of this schedule would have increased as follows:

- 1 (a) \$ NIL
- 1 (b) \$5,120.00
- 1 (c) \$3,750.00
- 1 (d) \$2,720.00
- 1 (e) \$ NIL
- 1 (f) \$ NIL
- 1 (g) \$ NIL
- 1 (i) (ii) \$ NIL

V. The requirements for the preservation or dedication of land pursuant to subsections (c) and (d) of Section 976 (5) are considered by Council to be in addition to the park land standard land

requirements of 10.5 acres per 1,000 population. Therefore, requirements for the preservation or dedication of land pursuant to Section 976 (5) will not reduce the cost requirements of acquiring the 10.5 acres per 1,000 population land standard used in the calculation of development cost charges for park land. Thus, requirements pursuant to Section 976 (5) do not reduce the development cost charge amount payable for park land.

The requirements for a minimum area for play and recreation on private, residential-use property as specified in the Surrey Zoning By-law are considered to be minimum requirements for the residents of the property and are not considered to be lands required pursuant to Section 992, but are facilities in addition to the park land requirements of 10.5 acres per 1,000 population and do not reduce the cost requirements used in the calculation of development cost charges for park land.

NOTE: Wherever the unit of 1,000 square feet is referred to in this Schedule, it shall be considered to be the equivalent of 92.9 square metres.
