• That Mike Bose stands out as being very committed to the cause and works hard to ensure the success of the annual Farm Tour.
• That the community needs houses and farms and Mr. Bose's understanding of the concerns is paramount to achieve some semblance of balance and the Farm Tour is an integral part of that.

Mr. Simpson then made a presentation to Mr. Mike Bose.

Theresa Vollmer, 2913 - 151 Street, was in attendance and stated concerns regarding noise and the location of an additional liquor store in the immediate area. She added that she opposed the proposed rezoning application.

Katie Haugo, 2969 - 152A Street, was in attendance and stated concerns regarding noise, proximity of the proposed pub/liquor store to residential neighbourhoods, and the proposed change from single-storey development to two-storey development by the developer.

Dave Haugo, 2969 - 152A Street, was in attendance and expressed concerns regarding noise, hours of operation, safety of neighbourhood children, and increased traffic. He noted that the developer had promised a high-class restaurant and a one-storey development not two-storeys as presented.

Bruce Withers, 2968 - 152A Street, was in attendance and expressed concerns regarding proximity to residential neighbourhood, commercial design, height restrictions, signage and current zoning. He stated he opposed the proposed change in height, gross floor area, and pub with outdoor seating.

Ralph Berezan, 1455 - 126A Street, was in attendance and stated he was opposed to the proposed pub application because his family had purchased Hampton's Pub, less than one mile from this application. He added there would be two pubs less than one mile from the proposed pub.

He noted that the province recently allowed existing pubs a 50% increase in seating; restaurants received 20% increase in seating for serving liquor without food, and that at least 200 to 300 new seats would be added to...
this immediate area. He commented further on recent changes in provincial legislation and length of approval process.

Oscar Hanson, 3015 - 152A Street, was in attendance and noted he had just moved to his property, that he had concerns with respect to safety of children, noise, security, building height, site of outdoor patio, soundproof fence, berms, and pub use. He added that the developer met with him and advised the development would be single-storey and feature a restaurant.

Terry Hoffman, 2992 - 152A Street, was in attendance and noted he had submitted a letter to Council. He supported the comments made by his neighbours. He added that he had concerns with respect to noise, security, soundproof fence, trees, tenants, liveability of the neighbourhood and berms. He continued that he was opposed to the application. He added the developer had informed him that the proposal would be single-storey and feature a residential appearance, subdued lighting, and numerous mature trees.

Nolan Fisher, 13187 - 13 Avenue, was in attendance and stated he is the owner of Sawbucks' Pub. He noted that he has applied for an additional 40 seats and that there were already two liquor establishments in the area and more on the way. He added that he would not be able to continue his business and that pubs should not be located in residential areas. He stated that he objected to the proposed application.

Rob Barnett, 2974 - 152A Street, was in attendance and expressed opposition to the proposed rezoning application due to the proximity of two other pubs within walking distance. He added there were a sufficient number of drinking establishments in the area and noted the significant changes in the project from when the developer first approached the neighbourhood.

Gerry Oma, developer on behalf of Avondale Corporation and South Point Annex Companies, was in attendance and stated that he did not breach any promises. He noted that the buildings would have a residential appearance and the proposed height of the buildings would hide the mechanical equipment on the roof.

He added that City staff had promoted a gas bar on site so he took out the drive-through restaurant. He noted that he had refined the project, down-turning the densities and traffic as much as possible. He stated that the proposal was a full-scale 6000 sq. ft. restaurant and now proposes a 3500 sq. ft. for pub/liquor store. He added that he has an interest in the Big Ridge Pub and the new project would be similar.

He noted the pub application process with the provincial government supported the application in light of the amount of growth in the area.

He commented that he would install an acoustical fence should the residents wish one and that 26 out of the 36 neighbouring residents support the project. He added that the proposed hours of operation for the pub would be 11:00 a.m. to 1:00 a.m.

Ken Brooks, 2857 McBride Street, was in attendance and stated that the enabling legislation allows the operation of a liquor store from 9:00 a.m. to 11:00 p.m. seven days a week.
