The site is 9 acres and the Applicant is dedicating 2.6 acres. 104 trees will be kept in the riparian area.

Concerned Resident: The delegation expressed the following concerns: 1) environmental assessment, 2) sewer alignment plans, and that 3) whether the proposed sewer alignment was reviewed and approved by the Department of Fisheries and Oceans (DFO).

Staff noted that there is a right-of-way with the sanitary sewer and the proposed development would be aligned with that.
