**DESIGNATION:**

### RECOMMENDATION SUMMARY

- By-law Introduction and set date for Public Hearing to terminate LUC No. 38.

### DEVIATION FROM PLANS, POLICIES OR REGULATIONS

- None

### RATIONALE OF RECOMMENDATION

- In 2014, the Provincial Government adopted changes to the *Local Government Act* that terminate all Land Use Contracts (LUCs) in the Province on June 30, 2024. However, the legislation also permits municipalities to undertake early termination of LUCs in advance of 2024.
- On June 15, 2015, City Council endorsed the recommendations in Corporate Report No. R122, which outlined a process with respect to the early termination of LUCs in Surrey.
- In accordance with the recent legislative changes, the LUC Termination By-law must include an effective date that is no less than one year from adoption of the by-law, resulting in a grace period.
- City staff are now moving forward with the first group of LUCs to be terminated, in accordance with the approved process described in Corporate Report No. R122, which prioritizes based on business development or the simplicity of the termination.
- LUC No. 38 allowed for the creation of 15 lots along Roan Place in Cloverdale. Over the years, 2 lots were consolidated and 5 lots were discharged, resulting in 8 lots being regulated by LUC No. 38.
- LUC No. 38 permits a variety of light industrial uses on these 8 lots.
- The 5 lots formerly regulated under LUC No. 38 are now regulated by the "Light Impact Industrial Zone (IL)".
- Light industrial buildings or uses currently exist on all of these 8 subject lots.
- Once LUC No. 38 is terminated and the one-year grace period ends, the current underlying IL Zone will come into effect and will regulate the 8 subject lots.

## RECOMMENDATION

The Planning & Development Department recommends that a By-law be introduced to terminate Land Use Contract No. 38 and a date be set for Public Hearing.

## BACKGROUND

- In the early 1970s the Provincial Government adopted changes to the *Municipal Act* (now called the *Local Government Act*) that allowed local governments to enter into Land Use Contracts (LUCs) with land owners and/or developers that incorporated zoning, development control and servicing issues into one document. As a result, on lands within an LUC, the LUC became the governing land use control and, in some instances, the subdivision and development control as well.
- Although LUCs are an agreement between the City and land owners/and developers, all LUCs were adopted by By-law. The first LUC in Surrey was adopted by City Council by By-law on August 7, 1972.
- In the late 1970s the Provincial Government adopted changes to the *Municipal Act*, eliminating the ability of municipalities to enter into LUCs.
- Approximately 370 LUCs were adopted in Surrey and approximately 297 LUCs remain in effect.
- In 2014, the Provincial Government adopted changes to the *Local Government Act* that terminate all Land Use Contracts (LUCs) in the Province on June 30, 2024. However, the legislation also permits municipalities to undertake early termination of LUCs in advance of 2024, should they choose to do so.
- On June 15, 2015, Council approved the recommendations in Corporate Report No. R122, which outlined a proposed process with respect to the early termination of LUCs in Surrey, which prioritizes based on business development or the simplicity of the termination.
- As a result, City staff are now moving forward with the termination of LUC No. 38 in accordance with the approved process.

## PUBLIC NOTIFICATION

Early termination of LUCs is a Council-initiated project that does not require the consent of landowners within the LUC being terminated. A Development Proposal Sign has not been installed and no pre-notification letters have been mailed.

However, the LUC Termination By-law is required to have its own Public Hearing. As a result, the Public Hearing Notice will be delivered to all residents and tenants of properties within LUC No. 38, informing them that Council is considering terminating the LUC. Notice of the Public Hearing will also be delivered to adjoining property owners and tenants within 100 metres of the boundaries of LUC No. 38. In addition, the Public Hearing notice will be published in two consecutive issues of the Surrey Leader.

## DISCUSSION

- It is now in order for LUC No. 38 to be considered for early termination.
- Lands regulated by LUC No. 38 are located along either side of Roan Place in the industrial area of Cloverdale, south of Highway No. 10 (Appendix II).
- Industrial land uses are located to the north, east, south and west of the LUC No. 38 lands.
- LUC No. 38 was adopted by By-law No. 4153 on February 27, 1974.
- Under the provisions of LUC No. 38, the developer undertook the construction of Roan Place and the creation of 15 industrial lots.
- It should be noted that, over the years, two lots were consolidated, resulting in 14 lots being regulated by LUC No. 38. However, it should be further noted that, over the years, LUC No. 38 has been discharged from 5 of these 14 lots, leaving only 8 lots regulated by LUC No. 38.
- LUC No. 38 permits a variety of light industrial uses. Light industrial buildings or uses currently exist on all of the 8 subject lots.
- In accordance with the recent legislative changes, the LUC Termination By-law must include an effective date that is no less than one year from adoption of the by-law, resulting in a grace period. The subject Termination By-law has a one-year grace period.
- Once LUC No. 38 is terminated and the one-year grace period ends, the current underlying "Light Impact Industrial Zone (IL)" will come into effect and will regulate the use of the land.
- The IL Zone permits a variety of light impact industrial uses.
