If the Proponent chooses NOT to submit by email, the Proponent should submit a Submission in a particular submittal format, to reduce paper, encourage our recycled product expectations, and reduce package bulk. Bulk from binders and large packages are unwanted. Vinyl plastic products are unwanted. The City also has an environmentally-preferable purchasing commitment, and seeks a package format to support the green expectations and initiatives of the City.

Please do not use any plastic or vinyl binders or folders. The City prefers simple, stapled paper copies. If a binder or folder is essential due to the size of your Proposal, they should be fully 100% recycled stock.

The City seeks and prefers submittals on 100% Post Consumer Fibre (PCF) paper, consistent with the City's policy and the City environmental practices.

Please double-side your Proposal.

3.2 Form of Proposal

Proponents should complete the form of Proposal attached as Schedule C, including Schedules C-1 to C-5. Proponents are encouraged to respond to the items listed in Schedules C-1 to C-5 in the order listed. Proponents are encouraged to use the forms provided and attach additional pages as necessary.

3.3 Signature

The legal name of the person or firm submitting the Proposal should be inserted in Schedule C. The Proposal should be signed by a person authorized to sign on behalf of the Proponent and include the following:

- (a) If the Proponent is a corporation then the full name of the corporation should be included, together with the names of authorized signatories. The Proposal should be executed by all of the authorized signatories or by one or more of them provided that a copy of the corporate resolution authorizing those persons to execute the Proposal on behalf of the corporation is submitted;
- (b) If the Proponent is a partnership or joint venture then the name of the partnership or joint venture and the name of each partner or joint venturer should be included, and each partner or joint venturer should sign personally (or, if one or more person(s) have signing authority for the partnership or joint venture, the partnership or joint venture should provide evidence to the satisfaction of the City that the person(s) signing have signing authority for the partnership or joint venture). If a partner or joint venturer is a corporation then such corporation should sign as indicated in subsection (a) above; or
- (c) If the Proponent is an individual, including a sole proprietorship, the name of the individual should be included.

4. EVALUATION AND SELECTION

4.1 Evaluation Team

The evaluation of Proposals will be undertaken on behalf of the City by the Evaluation Team. The Evaluation Team may consult with others including City staff members, third party consultants and references, as the Evaluation Team may in its discretion decide is required. The Evaluation Team will give a written recommendation for the selection of a Preferred Proponent or Preferred Proponents to the City.

4.2 Evaluation Criteria

The Evaluation Team will compare and evaluate all Proposals to determine the Proponent's strength and ability to provide the Services in order to determine the Proposal which is most advantageous to the City, using the following criteria:

- (a) Experience, Reputation and Resources**
The Evaluation Team will consider the Proponent's responses to items (i) to (ix) in Schedule C-2.
- (b) Technical**
The Evaluation Team will consider the Proponent's responses to Schedule C-4 and items (i) to (v) in Schedule C-3.
- (c) Financial**
The Evaluation Team will consider the Proponent's response to Schedule C-5.
- (d) Statement of Departures**
The Evaluation Team will consider the Proponent's response to Schedule C-1.

The Evaluation Team will not be limited to the criteria referred to above, and the Evaluation Team may consider other criteria that the team identifies as relevant during the evaluation process. The Evaluation Team may apply the evaluation criteria on a comparative basis,

evaluating the Proposals by comparing one Proponent's Proposal to another Proponent's Proposal. All criteria considered will be applied evenly and fairly to all Proposals.

4.3 Discrepancies in Proponent's Financial Proposal

If there are any obvious discrepancies, errors or omissions in Schedule C-5 of a Proposal (Proponent's Financial Proposal), then the City shall be entitled to make obvious corrections, but only if, and to the extent, the corrections are apparent from the Proposal as submitted, and in particular:

- (a) if there is a discrepancy between a unit price and the extended total, then the unit prices shall be deemed to be correct, and corresponding corrections will be made to the extended totals;
- (b) if a unit price has been given but the corresponding extended total has been omitted, then the extended total will be calculated from the unit price and the estimated quantity;
- (c) if an extended total has been given but the corresponding unit price has been omitted, then the unit price will be calculated from the extended total and the estimated quantity.

4.4 Litigation

In addition to any other provision of this RFP, the City may, in its absolute discretion, reject a Proposal if the Proponent, or any officer or director of the Proponent submitting the Proposal, is or has been engaged directly or indirectly in a legal action against the City, its elected or appointed officers, representatives or employees in relation to any matter, or if the City has initiated legal action against any officers or directors of the Proponent.

In determining whether or not to reject a Proposal under this section, the City will consider whether the litigation is likely to affect the Proponent's ability to work with the City, its consultants and representatives and whether the City's experience with the Proponent indicates that there is a risk the City will incur increased staff and legal costs in the administration of the Contract if it is awarded to the Proponent.

4.5 Additional Information

The Evaluation Team may, at its discretion, request clarifications or additional information from a Proponent with respect to any Proposal, and the Evaluation Team may make such requests to only selected Proponents. The Evaluation Team may consider such clarifications or additional information in evaluating a Proposal.

4.6 Interviews

The Evaluation Team may, at its discretion, invite some or all of the Proponents to appear before the Evaluation Team to provide clarifications of their Proposals. In such event, the Evaluation Team will be entitled to consider the answers received in evaluating the Proposals.

4.7 Multiple Preferred Proponents

The City reserves the right and discretion to divide up the Services, either by scope, geographic area, or other basis as the City may decide, and to select one or more Preferred Proponents to enter into discussions with the City for one or more agreements to perform a portion or portions of the Services. If the City exercises its discretion to divide up the Services, the City will do so reasonably having regard for the RFP and the basis of Proposals.

In addition to any other provision of this RFP, Proposals may be evaluated on the basis of advantages and disadvantages to the City that might result or be achieved from the City dividing up the Services and entering into one or more Contracts with one or more Proponents.

4.8 Negotiation of Contract and Award

If the City selects a Preferred Proponent or Preferred Proponents, then it may:

- (a) enter into a Contract with the Preferred Proponent(s); or
- (b) enter into discussions with the Preferred Proponent(s) to attempt to finalize the terms of the Contract(s), including financial terms, and such discussions may include:
 - (1) clarification of any outstanding issues arising from the Preferred Proponent's Proposal;
 - (2) negotiation of amendments to the departures to the draft Contract, if any, proposed by the Preferred Proponent as set in Schedule C-1 to the Preferred Proponent's Proposal; and
 - (3) negotiation of amendments to the Preferred Proponent's price(s) as set out in Schedule C-5 to the Preferred Proponent's Proposal and/or scope of Services if:
 - (A) the Preferred Proponent's financial Proposal exceeds the City's approved budget, or
 - (B) the City reasonably concludes the Preferred Proponent's financial proposal includes a price(s) that is unbalanced, or
 - (C) a knowledgeable third party would judge that the Preferred Proponent's price(s) materially exceed a fair market price(s) for services similar to the Services offered by the Preferred Proponent as described in the Preferred Proponent's Proposal; or
- (c) if at any time the City reasonably forms the opinion that a mutually acceptable agreement is not likely to be reached within a reasonable time, give the Preferred Proponent(s) written notice to terminate discussions, in which event the City may then either open discussions with another Proponent or terminate this RFP and retain or obtain the Services in some other manner.

5. GENERAL CONDITIONS

5.1 No City Obligation

This RFP is not a tender and does not commit the City in any way to select a Preferred Proponent, or to proceed to negotiations for a Contract, or to award any agreement, and the City reserves the complete right to at any time reject all Proposals, and to terminate this RFP process.

5.2 Proponent's Expenses

Proponents are solely responsible for their own expenses in preparing, and submitting Proposals, and for any meetings, negotiations or discussions with the City or its representatives and consultants, relating to or arising from this RFP. The City and its representatives, agents, consultants and advisors will not be liable to any Proponent for any claims, whether for costs, expenses, losses or damages, or loss of anticipated profits, or for any other matter whatsoever, incurred by the Proponent in preparing and submitting a Proposal, or participating in negotiations for a Contract, or other activity related to or arising out of this RFP.

5.3 No Contract

By submitting a Proposal and participating in the process as outlined in this RFP, Proponents expressly agree that no contract of any kind is formed under, or arises from, this RFP, prior to the signing of a formal written Contract.

5.4 Conflict of Interest

A Proponent shall disclose in its Proposal any actual or potential conflicts of interest and existing business relationships it may have with the City, its elected or appointed officials or employees. The City may rely on such disclosure.

5.5 Solicitation of Council Members, City Staff and City Consultants

Proponents and their agents will not contact any member of the City Council, City staff or City consultants with respect to this RFP, other than the City Representative named in section 2.5, at any time prior to the award of a contract or the cancellation of this RFP.

5.6 Confidentiality

All submissions become the property of the City and will not be returned to the Proponent. All submissions will be held in confidence by the City unless otherwise required by law. Proponents should be aware the City is a "public body" defined by and subject to the *Freedom of Information and Protection of Privacy Act* of British Columbia.

expansion of the South Surrey Recreation Centre. To fully implement the improvements to the traffic circulation in proximity to the recreation centre, an entrance drive needs to be realigned and the old waterpark which is nearing the end of its service life needs to be relocated. Most importantly, the changes provide an opportunity to create a larger, central hub in the park with a new waterpark located adjacent to the existing playground as well as new park paths and seating areas. Please note the Report will not be provided during the proposal call but will be provided to the successful proponent.

The Parks Division is seeking the services of a design consultant team with expertise in the design of parks including roads and parking lots as well as waterparks. It is envisioned that the design scope of work will result in the completion of a beautiful central hub including a new waterpark, various park amenities such as paths and seating areas as well as parking and road improvements from detailed design through to the completion of construction administration services.

2. Site Specifics

The Parks Division has completed a functional diagram to define the area and general program for the project see Figure A-2, below.

The functional diagram attempts to achieve the following objectives that will be investigated further in this project:

- Create a more cohesive hub in the centre of the park;

- Join playground and waterpark in the centre of the park;
- Prioritize pedestrian circulation through the centre of the park;
- Realign the entrance drive to no longer bisect the centre of the park;
- Primary vehicle circulation system in the park should no longer run through parking areas and should avoid the pitfall of cars backing into primary access drives; and
- Provide more parking in close proximity to the expanded recreation centre.

It is important to note that the project requires reviewing the vehicular and pedestrian circulation in the park area bounded by 20th Ave – 24th Ave and 148th Street to the western boundary of the athletic park. This is to ensure the planned improvements in the centre of the park succeed in improving the overall vehicle and pedestrian circulation in the park.

The project requires an assessment of capacity for all related services including but not limited to: drainage, sanitary, water, hydro and communications that may be required by the final program of park improvements. A geotechnical investigation is also required.

3. Scope of Work

The total scope of work includes a variety of consultation services extending through 2015 including:

1. Review vehicle and pedestrian circulation in the park area bounded by 20th Ave – 24th Ave and 148th Street to the western boundary of the athletic park and provide written recommendations and supporting graphics for improvements with Class C estimates of probable cost;
2. Review servicing available in the project location and provide written recommendations and supporting graphics for upgrades with Class C estimates of probable cost to accommodate the preliminary program for the project including geotechnical recommendations;
3. Lead a public consultation process for the project including meeting with park user groups and public open houses;
4. Develop a comprehensive Concept Plan to be presented to the Parks, Recreation and Sport Tourism Committee and Council for approval;
5. A comprehensive detailed design drawing package and all applicable Schedules and any required additional paperwork, signed and sealed, to support an application for Building Permit and subsequent City permits, and any related printing and courier costs;

6. A civil works prequalification process to shortlist potential contractors followed by a tender process to construct the project; and,
7. Comprehensive contract administration support through construction and project close-out including provision of As-built drawings and follow up on warranty issues and deficiencies.

During the prequalification and tender processes, the consultant is expected to provide clarifications and addenda as needed. As part of the construction phase, the consultant is expected to provide full contract administration support.

4. Project Deliverables

Phase 1

- Attend at least six design development meetings with City staff;
- Produce (at minimum) a Class C cost estimate following the review of circulation and servicing to assess the project feasibility and inform budget request for 2015. Please note traffic surveying is not required;
- Create the presentation materials for, and lead, two stakeholder group meetings and one public open house;
- A final concept plan with supporting graphics and written information to fully illustrate the planned improvements in the project location;
- Create the presentation materials for, and attend a meeting of the Parks, Recreation and Sports Tourism Committee (PRST) as well as Council and Committee meeting;

Phase 2

- Detailed design services to include (at minimum): erosion and silt control measures (ESC plan), detailing and creating specifications for all subgrade remediation works per geotechnical investigation, design of all civil works, waterpark components, any swales, bio-swales, and/or detention ponds, retaining structures, irrigation works, pathways, landscaping, and both pedestrian vehicular lighting design and specifications. The consultant team personnel requirements are detailed below in Section 5;
- Produce a Class B cost estimate by the 80% design review meeting and a pre-tender Class A cost estimate by employing the services of a professional costing analyst;
- Prequalification processes for the civil construction works according to City policies, assistance in evaluating prequalified contractors for each, completion of specification package and relevant professional schedules to support permit applications, support in submitting for permits by Surrey Staff, all necessary

tender documents and any addenda required during the bid windows, and assistance in evaluating the received bids in preparation to award;

- Contract administration support including (at minimum): leading the construction start-up meeting, setting the agenda and producing minutes for weekly site meetings, handling all site instructions, contemplated change orders and change orders, tracking costs and invoices, leading and recording the substantial completion review, and all necessary post-review follow up;
- Produce a comprehensive digital as-built survey drawing of the project as completed. **Please note: Surrey Staff will hold back 5% of the consultant fee until a digital as-built survey is produced by the consultant team.**

The City will provide the initial site survey in ACAD format. As-builts in this area are not comprehensive but what information is on record will be provided in either DWG, PDF, or TIFF format.

Written and graphic documentation shall be provided in a standardized Microsoft Office format, including text, spreadsheets, graphs, slides used in presentations etc. All final drawings shall be submitted in an eTransmitted export ZIP file containing all DWG files, xRefs (referenced to a local file path, not the original file path), any blocks, and accompanying CTB plotter/pen settings, all saved to AutoCad version 2011 (or earlier) as well as a copy in PDF format. All submitted design work, drawings, and documentation become the property of the City of Surrey. Extra meetings are to be charged on a per hour basis and hourly rates for all staff are to be provided within the proposal. It is assumed that all meetings during construction administration phase will be accounted for within the proposal.

5. Consulting Team

The consulting team shall consist of professionals who are all registered and licensed to practice in British Columbia (as applicable). The team shall include at least:

- i. Landscape Architect;
- ii. Senior Civil Engineer with minimum five years direct experience in similar projects including traffic planning;
- iii. Geotechnical Engineer
- iv. Mechanical Engineer;
- v. Electrical engineer;
- vi. Irrigation designer; and

7. Budget

The project is split into two phases. At this time, the City has not committed funding for the construction of the project. Phase 1 will in part determine a reasonable budget figure to be advanced for Council consideration in Fall 2014. Assuming that budget is supported, funding for construction will be available in 2015.

Therefore, the consultant proposals should be divided into two phases. Phase 1 includes all work required to reach an approved concept plan and the budget is \$60,000 for this phase. The consultant budget for Phase 2 is not currently confirmed but is expected to be in the range of \$100,000 - \$120,000 including all disbursements and taxes. The overall project is expected to cost \$1.5 – \$2.0 Million.

The City will enter into a contract for Phase 1 at this time with Phase 2 contract being negotiated with the successful proponent once the project has been confirmed to proceed and the overall project costs are confirmed.
