ADDENDUM No. 1

REQUEST FOR QUOTATIONS (RFQ) NO.: 1220-040-2013-070
TITLE: Automatic Traffic Count Program
ADDENDUM ISSUE DATE: November 06, 2013
DATE: prefer to receive Quotations on or before
November 07, 2013

INFORMATION FOR CONTRACTORS

The following information is provided to answer questions raised by Contractors for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the contractor or any subcontractor not being familiar with this addendum. This Addendum No. 1 contains one (1) page in total:

Q1. Do the “at least five days of complete data at each location” (contractor responsibilities, p. 20 of 40) need to be contiguous days or can they be separated by a weekend i.e. family day occurs on February 10th so the 5 days would be February 12th, 13th, 14th, 17th and 18th?

A1. No, it does not have to be five (5) continuous days, just five (5) days out of the seven (7) days have to have complete data.

Q2. Do you have a schedule for school breaks occurring this winter and spring?

A2. Refer to list for the dates of school breaks:
<https://www.surreyschools.ca/k-12schools/schoolcalendar/Pages/default.aspx>

Q3. Are submittals of temporary traffic control plans required by the City of Surrey before work can start?

A3. No plans will need to be submitted.

Q4. The traffic counters we will propose are SDR radar traffic classifiers (follow link: http://www.datacollect.eu/index.php?article_id=35&clang=2) not tube counters. Will these counters be acceptable to the City of Surrey?

A4. The counters would be acceptable.

All Addenda will become part of the RFQ Documents.
