INFORMATION FOR CONTRACTORS

The following information is provided to answer questions raised by Contractors for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the contractor or any subcontractor not being familiar with this addendum. This Addendum No. 1 contains one (1) page in total:

Q1. Is there a frequency desired by the City for the number of visits each tree needs to receive throughout the year, or is it left up to the discretion of the Contractor how many visits will be done through the year?

A1. There is no set schedule as long as the wells are maintained as per the specifications of the contract. Eg. weed free, edged, mulched, etc.

Q2. Is the successful contractor required to provide mulch for the soft surface tree wells and gravel for the grated ones? And does this mean for all the tree wells?

A2. All materials are to be supplied by the Contractor. The only exception is the metal grate. If a grate is needed then the City will supply it.

All Addenda will become part of the RFQ Documents.
