**INFORMATION FOR CONTRACTORS**

The following information is provided to answer questions raised by Contractors for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the contractor or any subcontractor not being familiar with this addendum. This Addendum No. 3 contains one (1) page in total:

Q1. How many tree wells do you estimate will be required to mulch and/or provide gravel too? Or are we required to mulch and gravel each and every one?

**A1. Refer to RFQ Schedule A: Item 4.0 Volume of Work (Approximate).**

Q2. Are maps available showing location of trees.

**A2. Tree well maintenance occurs throughout the City of Surrey on streets and in parks. The City will provide lists to the successful Contractor indicating each tree well that is to be maintained. The City's mapping system (COSMOS) is available through the City's website (<http://www.surrey.ca/city-services/665.aspx>) and there is a Specimen Trees layer within COSMOS that shows where all of the park and street trees are located.**
