The Contractor may retain copies of the work product.

8. PERSONNEL AND SUBCONTRACTORS

- 8.1 The Contractor will provide only personnel who have the qualifications, experience and capabilities to provide the Goods and perform the Services.

sub-contracts as necessary to preserve the rights of the City under this Agreement. The Contractor will be as fully responsible to the City for acts and omissions of sub-contractors and of persons directly or indirectly employed by them as for acts and omissions of persons directly employed by the Contractor.

9. LIMITED AUTHORITY

9.1 The Contractor is not and this Agreement does not render the Contractor an agent or employee of the City, and without limiting the above, the Contractor does not have authority to enter into any contract or reach any agreement on behalf of the City, except for the limited purposes as may be expressly set out in this Agreement, or as necessary in order to provide the Goods and Services. The Contractor will make such lack of authority clear to all persons with whom the Contractor deals in the course of providing the Goods and Services. Every vehicle used by the Contractor in the course of providing the Goods and Services shall identify the Contractor by name and telephone number.

9.2 The Contractor is an independent contractor. This Agreement does not create the relationship of employer and employee, a partnership, or a joint venture. The City will not control or direct the details, means or process by which the Contractor performs the Services. The Contractor will determine the number of days and hours of work required to properly and completely perform the Services. The Contractor is primarily responsible for performance of the Goods and Services and may not delegate or assign any Services to any other person except as provided for in Section 8.4. The Contractor will be solely liable for the wages, fringe benefits, work schedules and work conditions of any partners, employees or sub-contractors.

10. CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

10.1 Except as provided for by law or otherwise by this Agreement, the Contractor will keep strictly confidential any information supplied to, obtained by, or which comes to the knowledge of the Contractor as a result of the provision of the Goods or performance of the Services and this Agreement, and will not, without the prior express written consent of the City, publish, release, disclose or permit to be disclosed any such information to any person or corporation, either before, during or after termination of this Agreement, except as reasonably required to complete the Goods and Services.

10.2 The Contractor acknowledges that the City is subject to the *Freedom of Information and Protection of Privacy Act* of British Columbia and agrees to any disclosure of information by the City required by law.

10.3 The Contractor agrees to return to the City all of the City's property at the completion of this Agreement, including any and all copies or originals of reports provided by the City.

11. WARRANTIES

11.1 The Contractor warrants that the Goods shall be free from defects in design, materials, workmanship and title, shall conform in all respects to the terms of this Agreement, shall be fit and suitable and perform satisfactorily for the purposes and under the conditions made known to the Contractor by the City or which were reasonably inferable. The Goods shall be at least equal to the higher of national standards or codes (such as, by way of illustration, CSA or ASTM), or standards and codes customarily applicable at the place

where the City will use the Goods. The Goods shall be of the best quality, if no quality is specified. This general warranty is independent of and without prejudice to any specific warranty or service guarantee offered by the Contractor or third party manufacturer or supplier of the Goods in connection with the purpose for which the Goods were purchased. The Contractor shall assign to the City any warranty or service guarantee offered by a third party manufacturer or supplier of the Goods. Notwithstanding this assignment, if at any time up to one year from the date of delivery or installation (if applicable) the City determines the Goods or any part do not conform to these warranties, the City shall notify the Contractor within a reasonable time after such discovery, and the Contractor shall then promptly correct such nonconformity at the Contractor's expense. Goods used to correct a nonconformity shall be similarly warranted for one year from the date of installation. The Contractor's liability shall extend to all liabilities, losses, damages, claims and expenses incurred by the City caused by any breach of any of the above warranties.

- 11.2 The Contractor warrants and guarantees that Goods and Services delivered under this Agreement do not infringe any valid patent, copyright or trademark, foreign or domestic, owned or controlled by any other corporation, firm or person, and agrees to indemnify and save harmless the City and all of its elected and appointed officials, officers, employees, servants, representatives and agents (collectively the "Indemnitees"), from and against any and all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) by reason of any claim, action or litigation arising out of any alleged or actual infringement of any patent, copyright or trademark, foreign or domestic, relating to the Goods and Services supplied under this Agreement.

12. INSURANCE AND DAMAGES

- 12.1 The Contractor will indemnify and save harmless the Indemnitees from and against all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) for damage to or destruction or loss of property, including loss of use, and injury to or death of any person or persons which any of the Indemnitees incur, suffer or are put to arising out of or in connection with any failure, breach or non-performance by the Contractor of any obligation of this Agreement, or any wrongful or negligent act or omission of the Contractor or any employee or agent of the Contractor.
- 12.2 The indemnities described in Sections 11.2, 12.1 and 18.3 will survive the termination or completion of this Agreement and, notwithstanding such termination or completion, will continue in full force and effect for the benefit of the Indemnitees.
- 12.3 The Contractor will, without limiting its obligations or liabilities and at its own expense, provide and maintain throughout this Agreement the following insurances in forms and amounts acceptable to the City from insurers licensed to conduct business in Canada:
- (a) commercial general liability insurance on an occurrence basis, in an amount not less than five million (\$5,000,000) dollars inclusive per occurrence against death, bodily injury and property damage arising directly or indirectly out of the work or operations of the Contractor, its employees and agents. The insurance will include cross liability and severability of interests such that the coverage shall apply in the same manner and to the same extent as though a separate policy had been issued to each insured. The insurance will include, but not be limited to: premises and

operators liability, broad form products and completed operations, owners and contractors protective liability, blanket contractual, employees as additional insureds, broad form property damage, non-owned automobile, contingent employers liability, broad form loss of use, personal injury, and incidental medical malpractice. The City will be added as additional insured;

- (b) automobile liability insurance on all vehicles owned, operated or licensed in the name of the Contractor in an amount not less than three million (\$3,000,000) dollars per occurrence for bodily injury, death and damage to property; and
 - (c) contractors' equipment insurance in an all risks form covering construction machinery and equipment used for the performance of the Services.
- 12.4 The Contractor will provide the City with evidence of the required insurance prior to the commencement of this Agreement. Such evidence will be in the form of a completed certificate of insurance acceptable to the City. The Contractor will, on request from the City, provide certified copies of all of the Contractor's insurance policies providing coverage relating to the Services, including without limitation any professional liability insurance policies. All required insurance will be endorsed to provide the City with thirty (30) days advance written notice of cancellation or material change restricting coverage. To the extent the City has an insurable interest, the builder's risk policy will have the City as first loss payee. The Contractor will be responsible for deductible amounts under the insurance policies. All of the Contractor's insurance policies will be primary and not require the sharing of any loss by the City or any insurer of the City.
- 12.5 The Contractor acknowledges that any requirement by the City as to the amount of coverage under any policy of insurance will not constitute a representation by the City that the amount required is adequate and the Contractor acknowledges and agrees that the Contractor is solely responsible for obtaining and maintaining policies of insurance in adequate amounts. The insurance policy coverage limits shall not be construed as relieving the Contractor from responsibility for any amounts which may exceed these limits, for which the Contractor may be legally liable.
- 12.6 The Contractor shall place and maintain, or cause any of its sub-contractors to place and maintain, such other insurance or amendments to the foregoing policies as the City may reasonably direct.
- 12.7 The Contractor hereby waives all rights of recourse against the City for loss or damage to the Contractor's property.

13. CITY RESPONSIBILITIES

- 13.1 The City will, in co-operation with the Contractor, make efforts to make available to the Contractor information, surveys, and reports which the City has in its files and records that relate to the Goods and Services. The Contractor will review any such material upon which the Contractor intends to rely and take reasonable steps to determine if that information is complete or accurate. The Contractor will assume all risks that the information is complete and accurate and the Contractor will advise the City in writing if in the Contractor's judgment the information is deficient or unreliable and undertake such new surveys and investigations as are necessary.

- 13.2 The City will in a timely manner make all decisions required under this Agreement, examine documents submitted by the Contractor and respond to all requests for approval made by the Contractor pursuant to this Agreement.
- 13.3 If the City observes or otherwise becomes aware of any fault or defect in the delivery of Goods or the provision of Services, it may notify the Contractor, but nothing in this Agreement will be interpreted as giving the City the obligation to inspect or review the Contractor's performance with regards to delivering Goods or the performance of the Services.

14. DEFICIENCIES

- 14.1 The City shall have a reasonable time to inspect and to accept the Goods and Services. The City may reject any Goods or Services not in accordance with this Agreement, whether due to damage resulting from improper packing, loading, unloading or otherwise. The City shall notify the Contractor of rejection of the Goods whereupon the Goods will be held subject to the disposition by the Contractor. Any costs or expenses incurred by the City as a result of the rejection of the Goods or Services are, immediately upon written demand by the City, payable by the Contractor, and may be set off against any payments owing by the City to the Contractor.
- 14.2 The City may hold back from payments otherwise due to the Contractor up to 200% of a reasonable estimate, as determined by the City, on account of deficient or defective Goods or Services. This holdback may be held, without interest, until replacement Goods are received or such deficiency or defect is remedied.

15. DEFAULT AND TERMINATION

- 15.1 In the event the Contractor does not deliver the Goods or perform the Services by the date specified in this Agreement, then:
- (a) the City reserves the right to terminate this Agreement, in whole or in part, and in the event of such termination no payment will be owing by the City on account of this Agreement and the Contractor will be liable for any and all expenses or loss resulting from such failure or delay and will return all monies paid by the City; or
 - (b) if the City does not terminate this Agreement for late delivery or performance, the City may deduct and setoff from any payments owing to the Contractor all additional costs the City reasonably incurs on account of the late delivery or performance.
- 15.2 The City may by written notice at any time cancel this Agreement with respect to Goods which, as of the date of cancellation, have not been shipped.
- 15.3 The City may at any time and for any reason by written notice to the Contractor terminate this Agreement before the completion of all the Goods and Services, such notice to be determined by the City at its sole discretion. Upon receipt of such notice, the Contractor will perform no further Goods and Services other than the work which is reasonably required to complete the Goods and Services. Despite any other provision of this Agreement, if the City terminates this Agreement before the completion of all the Goods and Services, the City will pay to the Contractor all amounts owing under this Agreement for Goods and Services provided by the Contractor up to and including the date of termination, plus reasonable termination costs in the amount as determined by the City in

its sole discretion. Upon payment of such amounts no other or additional payment will be owed by the City to the Contractor, and, for certainty, no amount will be owing on account of lost profits relating to the portion of the Goods and Services not performed or other profit opportunities.

15.4 The City may terminate this Agreement for cause as follows:

- (a) If the Contractor is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of its insolvency, or if a receiver is appointed because of its insolvency, the City may, without prejudice to any other right or remedy the City may have, terminate this Agreement by giving the Contractor or receiver or trustee in bankruptcy written notice; or
- (b) If the Contractor is in breach of any term or condition of this Agreement, and such breach is not remedied to the reasonable satisfaction of the City within 5 days after delivery of written notice from the City to the Contractor, then the City may, without prejudice to any other right or remedy the City may have, terminate this Agreement by giving the Contractor further written notice.

15.5 If the City terminates this Agreement as provided by Section 15.4 then the City may:

- (c) enter into contracts, as it in its sole discretion sees fit, with other persons to complete the Goods and Services;
- (d) withhold payment of any amount owing to the Contractor under this Agreement for the performance of the Goods and Services;
- (e) set-off the total cost of completing the Goods and Services incurred by the City against any amounts owing to the Contractor under this Agreement, and at the completion of the Goods and Services pay to the Contractor any balance remaining; and
- (f) if the total cost to complete the Goods and Services exceeds the amount owing to the Contractor, charge the Contractor the balance, which amount the Contractor will forthwith pay.

16. CURING DEFAULTS

16.1 If the Contractor is in default of any of its obligations under this Agreement, then the City may without terminating this Agreement, upon 5 days written notice to the Contractor, remedy the default and set-off all costs and expenses of such remedy against any amounts owing to the Contractor. Nothing in this Agreement will be interpreted or construed to mean that the City has any duty or obligation to remedy any default of the Contractor.

17. DISPUTE RESOLUTION

17.1 The parties will make reasonable efforts to resolve any dispute, claim, or controversy arising out of this Agreement or related to this Agreement ("Dispute") using the dispute resolution procedures set out in this Section.

The parties will continue to negotiate in good faith to resolve the Dispute with the assistance of the mediator. The place of mediation will be Surrey, British Columbia. Each party will equally bear the costs of the mediator and other out-of-pocket costs, and each party will bear its own costs of participating in the mediation.

- 17.4 Litigation: If within 90 days of the request for mediation the Dispute is not settled, or if the mediator advises that there is no reasonable possibility of the parties reaching a negotiated resolution, then either party may without further notice commence litigation.

18. WCB AND OCCUPATIONAL HEALTH AND SAFETY

- 18.1 The Contractor agrees that it shall, at its own expense, procure and carry, or cause to be procured, carried and paid for, full Workers' Compensation Board coverage for itself and all workers, employees, servants and others engaged in the supply of the Goods and Services. The Contractor agrees that the City has the unfettered right to set off the amount of the unpaid premiums and assessments for the Workers' Compensation Board coverage against any monies owing by the City to the Contractor. The City will have the right to withhold payment under this agreement until the Workers' Compensation Board premiums, assessments or penalties in respect of the Goods and Services have been paid in full.
- 18.2 The Contractor will provide the City with the Contractor's Workers' Compensation Board registration number and a letter from the Workers' Compensation Board confirming that the Contractor is registered in good standing with the Workers' Compensation Board and that all assessments have been paid to the date thereof prior to the City having any obligations to pay monies under this agreement.
- 18.3 The Contractor agrees that it is the prime contractor for the Goods and Services as defined in the *Workers Compensation Act*. The Contractor must coordinate with the general contractor of the Museum expansion (Heatherbrae) when accessing the site from August 2017 to completion. The Contractor will have a safety program in place that meets the requirements of the Workers' Compensation Board Occupational Health and Safety Regulation and the *Workers Compensation Act*. As prime contractor, the Contractor will be responsible for appointing a qualified coordinator for insuring the health and safety activities for the location of the Goods and Services. That person will be the person so identified in Schedule B of this agreement, and the Contractor will advise the City immediately in writing if the name or contact number of the qualified coordinator changes.
- 18.4 Without limiting the generality of any other indemnities granted by the Contractor in this agreement, the Contractor shall indemnify and save harmless the Indemnitees from and against all claims, demands, causes of action, suits, losses, damages, costs, liabilities, expenses, judgements, penalties and proceedings (including all actual legal costs) which any of the Indemnitees incur, suffer or are put to arising out of or in any way related to unpaid Workers' Compensation Board assessments owing from any person or corporation engaged in the performance of this agreement or arising out of or in any way related to the failure to observe safety rules, regulations and practices of the Workers' Compensation Board, including penalties levied by the Workers' Compensation Board.

However, in no case will the City be responsible to ascertaining or discovering, through inspections or review of the operations of the Contractor or otherwise, any deficiency or immediate hazard.
- 18.7 The Contractor understands and undertakes to comply with all Workers' Compensation Board Occupational Health and Safety Regulations for hazardous materials and substances, and in particular with the "Workplace Hazardous Materials Information System (WHMIS)" Regulations. - 20.3 The City requires that shop drawings be submitted by the Contractor for review prior to the delivery of the Goods. The City will require in any instances of structural attachment and seismic anchorage that a qualified registered professional engineer stamp and approve a shop drawing prior to submission. May also be required in other select instances affecting life safety systems such as fire protection. Professional letters of assurance would also be required where applicable. 21.2 The Contractor will, as a qualified and experienced practitioner, interpret applicable codes, laws and regulations applicable to the performance of the Services. 22. JURISDICTION OF COUNCIL AND NON-APPROPRIATION

22.1 Nothing in this Agreement limits or abrogates, or will be deemed to limit or abrogate, the jurisdiction of the Council of the City in the exercise of its powers, rights or obligations under any public or private statute, regulation or by-law or other enactment.

22.2 The Contractor recognizes and agrees that the City cannot make financial commitments beyond the City's current fiscal year. The City will annually make bonafide requests for appropriation of sufficient funds to cover all payments covered by this Agreement. If City Council does not appropriate funds, or appropriates insufficient funds, the City will notify the Contractor of its intention to terminate or reduce the services so affected within 30 days after the non-appropriation becomes final. Such termination shall take effect 30 days from the date of notification, shall not constitute an event of default and shall relieve the City, its officers and employees, from any responsibility or liability for the payment of any further amounts under this Agreement.

23. WAIVER

23.1 Any failure of the City at any time or from time to time to enforce or require the strict keeping or performance of any of the terms and conditions contained in this Agreement shall not constitute a waiver of the terms and conditions and shall not affect or impair the terms or conditions in any way or the City's right at any time to avail itself of any remedies as the City may have for any breach of the terms and conditions.

24. APPLICABLE LAW

24.1 This Agreement shall be governed by and construed in accordance with the laws of the Province of British Columbia. The City and the Contractor accept the jurisdiction of the courts of British Columbia and agree that any action under this Agreement shall be brought in such courts.

25. NOTICES

25.1 Any notice, report or other document that either party may be required or may wish to give to the other must be in writing, unless otherwise expressly provided for, and will be deemed to be validly given to and received by the addressee:

This Agreement supersedes and cancels all previous agreements between the parties relating to the Goods and Services.

27.2 In the event that the Contractor issues an invoice, packing slip, sales receipt, or any like document to the City, the City accepts the document on the express condition that any terms and conditions in it which constitute terms and conditions which are in addition to or which establish conflicting terms and conditions to those set out in this Agreement are expressly rejected by the City.

28. WORK WITHIN ACTIVE CONSTRUCTION SITE

28.1 The Contractor recognizes and agrees that the project is located within an active construction site of a parent project. All personnel working under the Contractor will need to adhere to the rules and regulations set out by the parent project's General Contractor including signing off on their safety plans, complying with their safety plans, submitting safety documentation as required, and following any other rules as set out under their Health and Safety Plan.

28.2 The Contractor recognizes that free and clear access to the project area may not always be possible due to the operations of the parent project. The City of Surrey invites Request For Quotation (RFQ) to provide comprehensive and collaborative Indigenous engagement with Katzie First Nation, Kwantlen First Nation and Semiahmoo First Nation, exhibit design, and exhibit construction of an 800 sf Indigenous Hall in an existing space at the Museum of Surrey (MoS), 17710 56A Avenue, Surrey, BC.

For certainty, the Work contemplated by this Schedule A shall be interpreted to include compensation on account of all related costs, including but not limited to all direct, indirect, or impact, head office, overhead, and all other costs, and all markups and profits, even if the Contract Documents does not specifically mention such items.

In accordance with this Contract the Contractor shall furnish everything needed to perform all of the requirements of this Contract including without limitation any and all material required but not supplied by the City, all labour, transportation and services required to faithfully perform and provide the Work at the Place of Work as required for and to the satisfaction of the City.

The Services shall include all aspects of Indigenous consultation, design of the Hall, which includes plans and drawings, and the construction and installation of all components. These components will include interpretation and a demonstration/celebration space. The Hall could include artifact displays, panels, screens, interactive displays, and demonstration spaces.

2. BACKGROUND

The City of Surrey is committed to creating and enhancing a sense of community where individuals, cultures and the environment thrive. The mission of the Surrey Aboriginal Social Innovation Strategy is to be “a city that values Indigenous contributions to city life. A city that is committed to working towards reconciliation at all levels. A city where every Indigenous person has the opportunity to achieve their full potential.”

This dovetails well with the Museum’s mission and values; to ignite young imaginations and connect Surrey’s diverse citizens and communities. The Museum contributes to community life by celebrating Surrey’s past, present and future through innovative, dynamic and delightful learning, storytelling, and creating shared experiences.

MoS Values:

- Community - We are inclusive, welcoming every citizen of Surrey and visitors and are accessible in every sense: intellectually, culturally, economically, and physically.
- Wonder - Our visitors often say “wow”.
- Engagement - We are interactive, thought provoking, and fun.
- Connection - We seek ways to be relevant to people’s lives today and create ways for people to learn and explore together through shared experiences.
- Innovation - Our program is surprising and delightful, sparking inspiration, and creativity.

- Stewardship - We responsibly care for the heritage and cultural resources entrusted to us.

Beginning in 2016, design for the expansion of the Museum of Surrey began and construction of the building, renovations, landscaping and relocation of heritage buildings will commence July 31, 2017. The official opening for the completed and expanded Museum is planned for September, 2018. The Museum expansion is identified in the Surrey Cultural Plan as a recommended strategy for meeting the needs of a rapidly diversifying population and enhancing a local sense of community.

Even before the Truth and Reconciliation Commission was released to Canadians it has been abundantly clear that cultural institutions must engage with Indigenous communities with full collaboration and 'buy-in'. This means more than respectful engagement; it means to provide spaces for Indigenous communities so they have a deep sense of ownership and they are empowered to decide how, when and where their narratives are interpreted.

The Indigenous Hall at the Museum of Surrey is one piece in the City of Surrey's All Our Relations Strategy to enhance awareness, understanding and respect of Surrey's Indigenous communities, with particular emphasis on the three territorial nations of Katzie First Nation, Kwantlen First Nation and Semiahmoo First Nation. Surrey Cultural Plan recommends strategies that will meet the needs of a rapidly diversifying population and enhancing a local sense of community. The engagement with Indigenous communities in Surrey and the construction of an Indigenous Hall that has been constructed with their full collaboration will certainly contribute to community wellness and happiness, as well as Surrey identity and pride.

Indigenous Engagement at Museum of Surrey

Previous to 2014 there was a dearth of Indigenous consultation and engagement at the Museum of Surrey. In 2005, when Phase 1 of the Museum was constructed, a small exhibit was developed that gives a general overview of the Coast Salish people. However, this static display does not reflect the reality of local Indigenous nations or even general communities living in Surrey. In addition, since 2013, Museum staff have learned that some of the hands-on items being used were of a sacred nature and so these have been removed.

Beginning in 2014, there have been a number of opportunities for Museum staff to work closely with Indigenous nations and communities in the City. First, staff included the renovation of the Indigenous displays as part of the exhibit refreshment planning of the History Gallery. Second, the BC Ministry of Education has instituted substantial changes to both elementary and high-school curriculum that meant Indigenous content needed to be revisited, often rewritten and integrated throughout programming. Third, as a result of the TRC, the City of Surrey has embarked on a comprehensive project to strategically address Indigenous issues and services in the City.

In the past two years, staff have embarked on relationship building with Katzie First Nation, Kwantlen Nation, Semiahmoo First Nation, and many urban Indigenous groups and plan to continue this as long-term/permanent partnerships. So far, the Museum has collaborated with local Indigenous groups to rewrite education programs, begin partnerships with various Indigenous communities (like Métis Nation BC and Fraser Valley Urban Aboriginal Friendship Centre), and integrate approved Indigenous content into displays. The Indigenous Hall is another step to strong, lasting relationships with Surrey's Indigenous

communities. The goal of this is the eventual establishment of an Indigenous Advisory Board.

Funding of \$250,000 for an Indigenous Hall has only recently been secured.

3. PROJECT GOAL

The goal is to have an Indigenous Hall that is facilitated and sanctioned by Surrey's Indigenous communities. It is to be a safe and respectful place for Indigenous communities that also connects Surrey's residents and visitors to local Indigenous tradition and knowledge. This will be a meeting place, a place of celebration, a place of demonstration and a place of learning.

The goal of the project is divided into stages:

Stage 1: Engage with Indigenous partners with Museum staff, define programming and concept documents together with early cost estimates

Stage 2: Complete and document the detailed design and confirm timelines

Stage 3: Construct the displays and Hall

Stage 4: Test the Hall and have a private opening; and

Stage 5: Hire a local Indigenous artist to begin work on a piece (in the Hall) that will be erected in the Museum of Surrey's new atrium.

4. DESIGN VISION

The vision for the Indigenous Hall is to have a space that incorporates three things: (1) traditional museum interpretation of displays and interactives of relevant Indigenous information (both historical and current), (2) a space that teaches through demonstration and celebration, and (3) a place that Indigenous communities in Surrey can utilize for their own cultural needs.

The space is on the second floor of the Museum with windows looking eastward – on clear days it is easy to see Mount Baker, an important mountain in Coast Salish culture. Early concepts are to leave the middle of the Hall open for celebrations and demonstrations while the three territorial nations are interpreted through panels and interactive elements on the edges/walls. Display cases would include local items – both modern and historical – that are relevant to Indigenous communities in Surrey. There is an additional 10' x 10' possibility for an intro area or large artifact (possibly the petroglyph) display outside the Hall.

Artifacts: The Museum has a strong collection of local Indigenous objects, the two most prominent being a petroglyph found on the beach at Ocean Park (south Surrey) and a Semiahmoo First Nation canoe, donated by a family who found it on the Nicomekl River in the 1950s. Other local Coast Salish artifacts include basketry, stone sculptures and various tools such as mortars/pestles, fishing equipment and hunting equipment. All of these items would only be interpreted with the appropriate protocol and acquiesce of Surrey's Indigenous communities.

Ambitions:

1. Relationship with Surrey's Indigenous Communities

This is integral for the Hall and for a long-term relationship with the Museum. This will be perhaps the most difficult part of the curation of the Hall and Museum staff need to be involved in this process.

2. Celebration

Many Indigenous communities in Surrey have expressed the need to have a space that is sanctioned by the City but can be used to celebrate events, traditions and stories. This space has the potential to bring together many groups and foster a greater understanding and awareness of the Indigenous people, communities and nations that call Surrey their home.

3. Demonstration and Interaction

The MoS values are clear that connection, engagement and participation are integral for the Museum and the diverse communities of Surrey. Demonstrating skills in the space animates it and give people options to participate in various ways – from watching to trying to creating.

5. APPROACH

- Implement a consultation process that collaboratively harnesses the agreement, talents and insights of Katzie First Nation, Kwantlen First Nation and Semiahmoo First Nation, Museum Team, and other Indigenous stakeholders to optimize the project's results;
- Maximize efficiency through all phases of design and construction;

- Manage project cost through continual feedback with Museum Manager;
- Establish open, direct, and transparent communication;
- Maximize functionality, flexibility, and interoperability;
- Control improvement costs and budget, re-using systems and materials where possible;
- Establish and implement quality control and quality assurance procedures to ensure compliance with the objectives and design requirements in order to achieve best possible results;
- Assign a dedicated professional to act as the design coordinator/manager for the project, coordinating and working closely with Museum Manager and Surrey's Indigenous communities;
- Coordinate regular research, Indigenous collaboration, design, construction and testing/commissioning update meetings as needed;
- Ensure all City of Surrey bylaws, plus provincial, federal codes and regulations are met;
- Provide an operation, maintenance and fix manual, including maintenance schedule;
- In addition to compliance with the applicable building codes, review possible improvements to comply with the City's additional Accessibility Standards (Refer to Appendix 2); and
- Create a collaborative and resourceful environment through a free exchange of ideas, thoughts, information and data. Engage stakeholders for effective decision making.

6. DESIGN CONSIDERATIONS

- Respectful and sanctioned interpretation of territorial Nations in Surrey (Semiahmoo, Katzie, Kwantlen) as well as the inclusion of Urban Indigenous and Métis;
- Interactivity;
- Engagement and Participation;
- Adaptability and Flexibility;
- Durability;
- Affordability;
- Minimize impact on the environment;
- Life-cycle approach (high-quality products that maximize Owner's return on investment);
- Efficient user circulation;
- Accessibility and universal/inclusive design considerations ; and
- Seismic restraint and attachment.

7. OBJECTIVES

The project will be developed with ongoing input from the Museum Team (Museum Manager, Curator, Visitor Experience Coordinator). The Museum Manager will oversee the work of the Contractor in development, design and construction of Indigenous Hall that interprets the local Indigenous nations of Surrey. The Indigenous Hall is a 'work in progress' meaning that the relationships and demonstrations will be developed long after the Project is completed. The successful Contractor will achieve the following:

1. Familiarize itself with the Museum's Indigenous collection and research to date;
2. Validate and further detail the exhibition budget in relation to the Museum Team's requirements and desires;
3. Build upon the existing relationships with Surrey's territorial nations: Katzie, Kwantlen and Semiahmoo First Nations. Consult with a point person from each Nation with intention of long-term relationships between Museum of Surrey abovementioned Nations;
4. Attend and record regular meetings with Museum Team;
5. Based on the mutually agreed upon program of requirements, schedule and budget, prepare for the Owner's review and approval, research, collaborative agreements with Katzie, Semiahmoo and Kwantlen, design documents to illustrate how the parts of the Project functionally relate to the requests of Surrey's Indigenous communities;
6. Present schematic designs (up to two options) to Museum Team;
7. Obtain approval from the Owner and territorial Nations on the design concept for the preferred exhibition option prior to proceeding to next phase.
8. Coordinate Indigenous Hall installation and testing/commissioning with Museum Manager and territorial Nations;
9. Prepare for the Owner's review and approval, design development documents consisting of drawings and other documents for the project:
 - a. Exhibit floor plan and elevations (3-D modelling is an asset);
 - b. Interactives plans and schematics;
 - c. Project brief detailing exhibition components and relationships, and outline specifications to describe the size and character of the functional exhibit parts, including materials and such other elements as may be appropriate;
 - d. Get Owner approval before proceeding to next activities;
1. Construct Hall with regular meetings, updates and inspections;
2. Coordinate Indigenous Hall installation with construction manager (Heatherbrae).

8. PROJECT DELIVERABLES

The Preferred Contractor is expected to deliver at least the following elements:

- Deepened relationships between Indigenous communities in Surrey and Museum of Surrey;
- Completed Indigenous Hall with flexibility to include:
 - Space for demonstration and celebration,
 - Interpretation for Surrey's three territorial Nations,
 - Interpretation of Urban Aboriginals and Métis Nation,
 - Respectful and sanctioned space;
- Chair regular meetings with the Museum Team including preparation of agendas and distribution of minutes;
- A high level of Indigenous consultation to ensure the project continues to meet community objectives;

- Indigenous crafts-person to work on a piece as a demonstration and to erect in the Museum when complete (NOTE: this does not need to be complete by end of project);
- Research, community consultation and design documents including project scope brief;
- As needed liaison with the base-building expansion design team (HCMA) and Construction Manager (Heatherbrae) to coordinate site visits, timelines and installation;
- Schematic Design documents including project scope brief;
- Project report and turn over documents including as-built drawings, in accordance with Project Completion Deliverables in Appendix 5.

9. REPORTS

Written and graphic documentation is to be provided in both paper and electronic versions, standardized in Adobe PDF formats, including text, spreadsheets, graphs, slides used in presentations, etc. The Contractor is to have the ability to communicate with City staff through the internet and the ability to exchange information through an FTP site. Storyboards and video will be provided in a format clearly explained in the Contractor's future proposal. With the exception of material expressly protected by copyright, any information submitted to the City of Surrey becomes the property of the City.

10. PROJECT DETAILS

The City's expansion of the Surrey Museum, located at 17710 – 56A Avenue, is an opportunity to provide the community with cultural spaces of celebration and participation. It is important that there is a high degree of ownership by the community. Currently, Museum staff have begun relationships with Surrey Indigenous communities through consultation (education programs), commemoration (apology ceremony), and a number of relationship building meetings with the long-term intention to have a Museum Indigenous Advisory Group.

The Indigenous Hall is to be a new exhibition and activity space that separates itself from previous, colonial interpretation of Indigenous peoples on the west coast. It will be specific to local Indigenous nations but must be inclusive of all Indigenous communities in Surrey. The Hall will not be romanticized or colonial but will be relevant, current, respectful, and adhere to Coast Salish protocols.

Intended Scope of Indigenous Hall project:

Turn an existing gallery space into an Indigenous Hall for interpretation, demonstration and celebration. The gallery space features:

- 800 sf
- Room is glazed on east side;
- 25' exposed underside of roof structure, with suspended grid at 20'

Relationships:

- Increase and foster relationship between Museum and Indigenous communities – move towards long-term Indigenous Advisory Board;
- Engage territorial First Nations in consultation and participation – ownership model;

Demonstration and Celebration Area:

- When Museum expansion is complete have an Indigenous artist/craftsperson working on a specific piece that will be displayed in the Museum up completion;
- Area to be used by Indigenous communities.
- Space to be used for programming, special events, demonstrations, etc.

Interpretation:

- With full consultation of Katzie, Kwantlen and Semiahmoo First Nations, have interpretation of these three Nations;
- Acknowledgement of Surrey large, diverse and important urban Indigenous communities;
- Integrate Museum artifacts as appropriate;
- Be relevant and current. This isn't a 'history' exhibit.

Welcoming/Introduction area:

- To create 'atmosphere' and prepare visitor for experience;
- General information, iconic artifact or current objects.

Safety:

- A safe space for demonstration, celebration and contemplation.

The total research, design and construction budget is \$225,000.
