ADDENDUM No. 2

REQUEST FOR QUOTATIONS (RFQ) NO.: 1220-040-2016-088

TITLE: IN-GROUND REFUSE COLLECTION & DISPOSAL SERVICES
CITY PARKS

ADDENDUM ISSUE DATE: SEPTEMBER 30, 2016

REVISED DATE: PREFER TO RECEIVE QUOTATIONS ON OR BEFORE
OCTOBER 14, 2016

INFORMATION FOR PRE-QUALIFIED CONTRACTORS

This Addendum is issued to provide answers to questions raised by potential Contractor for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractor not being familiar with this addendum. This Addendum No. 2 contains two (2) pages in total.

1. QUESTIONS & ANSWERS

Q1. Are you able to share historical data on how much was disposed in last 2-3 years?

A1. Many of the cans are newly installed; historical data is not available.

Q2. Are all the bins/containers same size?

A2. All in-ground refuse bins/containers are the same size and specifications.

Waste bags of 6mm thickness or greater are required for lining the bins/containers. The Contractor is responsible for the supply of waste bags. The waste bags may be purchased from the bin supplier, Sybertech Waste Reduction Ltd.

Q3. Should the crane operator need to be certified?

A3. As per the Schedule A, Scope of Services:

2.1 All labour and supplies shall conform to the recognized standards accepted by applicable industry trade associations, and shall conform to the most current applicable Municipal, Provincial and National codes, by-laws, regulations and other applicable requirements. The Contractor shall be responsible for all costs associated with adhering to these codes, by-laws, regulations and requirements.

2.3 The Contractor shall provide only qualified personnel; fully trained and experienced in performing the work requested in accordance with good industry practice. All work shall be performed in a professional manner and in accordance with good trade practice, and must be continually acceptable to the City.

Q4. Is the app provided by the City of Surrey, and what exactly needs to be inputted by our workers, at what intervals?

A4. The approved app streamlines the reporting process for both parties; its inspection and administrative fields must be fully filled out to record the completion of each service, confirm service location, report any issues and other additional details as required by the City.

Q5. Section 3.1, a. If it is not possible to service the bin at no fault to the proponent (such as a car obstructing access), is this considered failure to service?

A5. The Contractor would be required to document the issue via the app, plus advise the City immediately in writing of the issue and provide a revised time schedule for the city to review and approve.

Q6. Who will be responsible for cleaning out the refuse pit in the event of a system failure, i.e. the bag is ripped or the bins have been vandalized? Who is responsible for hiring the pump truck?

A6. The Contractor is responsible for the removal of all contents. The Contractor is responsible for alternative removal services.

Q7. Who will be responsible for paying for the disposal of the waste?

A7. The Contractor is responsible for costs associated with waste disposal.

END OF ADDENDUM

All Addenda will become part of the RFQ Documents.
