**INFORMATION FOR PROPONENTS**

The following information is provided to answer questions raised by Potential Proponents for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Proponent or any sub-Proponent not being familiar with this addendum. This Addendum No. 1 contains one (1) page in total.

**QUESTION AND ANSWER:**

- Q1. On page 42 of the RFP, it is stated that the proponent is responsible for "conducting comprehensive labour market analysis projections, and economic modeling at the provincial AND municipal level." Based on the remainder of the RFP, however, we wanted to confirm if rather than developing projections and engaging in modeling, the focus of the study is to confirm with employers the validity of the employment projections already completed, and potentially adjust the scenarios based on employer feedback?
- A1. The phase 1 analysis is based on 2011 national household survey results. We are looking for the Consultant to update the projections using the upcoming 2016 national household survey results as well as validate employment projection scenarios based on the roundtables that are to be hosted in Surrey and across the Metro Vancouver region.

**END OF ADDENDUM**

---

All Addenda will become part of the RFP Documents.
