INFORMATION FOR RESPONDENTS

This Addendum is issued to provide additional information to the RFEOI/SOQ for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Respondent not being familiar with this Addendum. This Addendum No. 1 contains one (1) page in total.

Q1: I am inquiring about Section D. Work Experience Profile, Item 24(d): each pilot of the UAV must have demonstrated experience in flying the model UAV being used in operations. The pilot must also have successfully passed a training program provided by a Transport Canada Certified Ground School and successfully completed the Pilot Permit – Small UAV Systems – Restricted to VLOS Exam.

From my understanding the Pilot Permit Exam has not been adopted by Transport Canada as a requirement yet. Can you confirm this requirement in this RFEOI/SOQ?

A1: The City requires compliance with current Transport Canada regulations ongoing including applying for a Special Flight Operations Certificate (SFOC) for all flights. The City would give preference to those operators that are ground school certified.

END OF ADDENDUM #1

All Addenda will become part of the RFEOI/SOQ Documents.
