INFORMATION FOR CONTRACTORS

This Addendum is issued to provide additional information to the RFQ for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractor not being familiar with this Addendum. This Addendum No. 3 contains one (1) page in total.

QUESTIONS AND ANSWERS:

Q1: Who will be covering the costs for 3rd party materials testing and special inspection services during construction? The City or will 3rd party testing labs submit our proposals through the general contractor?

Is a list of general contractors that are bidding on this project available?

A1: The City is acting as general contractor. This RFQ is for the provision of a pre-fabricated modular building that must be certified in compliance with CSA A277, which addresses all materials/testing/building code compliance of the building itself. The City will be bearing any costs for testing, as required, outside of building envelope.
