ADDENDUM NO. 2

REQUEST FOR QUOTATIONS (RFQ) NO.: 1220-040-2015-062
TITLE: WASTE CART WASHING SERVICES
ADDENDUM ISSUE DATE: JUNE 2, 2015
CLOSING DATE: PREFER TO RECEIVE QUOTATIONS ON OR BEFORE JUNE 4, 2015

INFORMATION FOR CONTRACTORS

This Addendum is issued to provide additional information and clarifications to the RFQ for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the contractor not being familiar with this addendum. This Addendum No. 2 contains two (2) pages in total.

Q.1. Can you please advise me whether the City currently has a schedule for MURB organic waste collection?

A.1. **As per Schedule A on page 24 of the RFQ document, the City is still in the process of determining the number of MURB's that will be participating in the City's organics collection service. Therefore, the City does not have a schedule at this time.**

Q.2. If the City does not have a schedule for the collection of MURB organic waste collection, can you please advise whether the collection of MURB organic waste will mirror the collection of organic waste for single family dwellings in the City?

A.2. **Collection services at MURBs will not mirror the single-family waste collection schedule. A new schedule to collect from participating buildings will be created.**

Q.3. If the City will not be mirroring residential collection of organic waste for its MURB sites, will the City collect more than one of the following areas: South Surrey, Newton, Fleetwood/Cloverdale, North Surrey or Whalley/City Centre – on the same day or will these areas be collected on separate days of the week?

A.3. **The collection schedule will be based on the number of buildings that will be participating in the program. For example, if the City has a large number of buildings participating in the program, then the collection days will be based on the towncentres to gain optimal efficiency. If there is a small number of buildings participating, then some towncentre buildings will be combined.**

Q.4. Can you please advise when (what time of day) the City expects to have its collection of organic waste completed for its MURB sites so that cleaning can begin?

A.4. **As per Schedule A on page 26 of the RFQ document, organics collection and cart washing times will be from 7:30am and 6:00pm Monday through Friday.**

Q.5. Can you please provide a copy of the collection routing maps for the organic waste collection for MURB sites in the City (ie. Where will collection start and finish?)

A.5. **As per Schedule A on page 26 of the RFQ document, the Contractor shall be able to provide and maintain Services to MURB's in accordance with the City's organic collection Regular Schedule. The City will provide the Regular Schedule for MURB's participating in the City's organics collection program in advance of the program commencement date and will be set out in the final Agreement. Organics collection and cart washing times will be from 7:30am and 6:00pm Monday through Friday. The Contractor will not make any changes to the schedule or routes without the prior approval of the City.**

END OF ADDENDUM

All Addenda will become part of the RFQ Documents.
