**INFORMATION FOR CONTRACTORS**

This Addendum is issued to provide additional information to the RFQ for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractor not being familiar with this Addendum. This Addendum No. 1 contains one (1) page in total.

**Q1:** As per the RFQ for the above project, there are no minimum quantities given for asphalt paving services. It is hard to give a correct price as we have no idea about the quantities to be done in a day. Can you please provide us minimum quantities so that we can price on those quantities per day.

**A1:** **The unit pricing is intended for on-demand small scale patching, repair and maintenance work typically based on small volumes/areas (1-2 Ton/10-20m2).**

**Q2:** What quantities are the paving contractor is to assume for unit pricing? E.g. a per square meter unit price for 10m2 will appear considerably higher than 1,000m2. Similar case for per ton unit price, 1T patch will appear considerably higher than 100T.

**A2:** **The unit pricing is intended for on-demand small scale patching, repair and maintenance work typically based on small volumes/areas (1-2 Ton/10-20m2).**
