Dear Sir:

**Re: Proposed Dwelling at** \_\_\_\_\_

This is to advise that the company named below has been retained by the owner/contractor of the above noted property to install the hot water heating system for the dwelling for which a building permit application has been made.

We certify that the design of the heating system is in compliance with Section 9.33 of the current B.C. Building Code and is capable of maintaining an indoor air temperature of 22° centigrade at the outside winter design temperatures as described in Article 9.33.1 of the Code.

At completion of the installation of the heating system, we will certify in a further letter that the system has been installed in accordance with Section 9.33 of the Code.

Yours truly,
