E. DECLARATION

I, _____, authorize and will arrange access for a City of Surrey official to enter the location specified above. In addition, I acknowledge that the City of Surrey does not provide the services of a licensed electrical contractor. The attending electrical safety officer will perform a visual inspection of the electrical system only. The attending electrical safety officer will not repair/correct non-compliance discovered during the physical assessment. If repairs and or up-grading of the electrical system are required, action will be taken as outlined in the Safety Standards Act and Regulations of BC. Such action may include the issuance of a compliance order requesting the property owner engage the services of a licensed electrical contractor to perform a safety check and repair of the electrical system. If non-compliances are identified which pose an immediate risk to persons and property a request may be made to BC Hydro to disconnect power to the property/structure. A list of licensed electrical contractors is available at www.technicalsaftybc.ca
