Part 5 Responsibilities of Owners

Inspection of Rental Properties

- 5.1 Every person who is the registered owner of a parcel that contains a building, a structure or other premise that is subject to a tenancy agreement:

- (a) must inspect the premises, building or structure at least once during every period of three consecutive calendar months to ascertain whether this bylaw has been contravened; and
- (b) who has inspected the premises at a time when there is a contravention of this bylaw in relation to the premises, building or structure, must
 - (i) within 24 hours of the discovery of the contravention, deliver written notice to the Manager, Bylaw and Licensing Services of the particulars of the contravention, and
 - (ii) subject to the *Residential Tenancy Act*, within two months of the delivery of the notice, take such action as may be necessary to bring the premises into compliance with this bylaw so that the Building Inspector or Fire Chief may remove the "Do Not Occupy" notice posted under section 7.1.

Remediation

- 5.2 If a building on a parcel has been used for a grow operation or clandestine drug lab, the owner of the parcel must, within fourteen (14) days after delivery by the City of a letter under section 7.2(b), subject to the *Residential Tenancy Act*:
- (a) remove and dispose of all carpets and curtains in the building;
 - (b) if the building is heated by forced air heating, have the furnace, all air ducts, main distribution ducts, venting, and filtering cleaned by a professional cleaner or by a duct cleaning company; and
 - (c) have all walls, floors, insulation, moisture barrier and ceilings in the building replaced or cleaned and disinfected by a professional cleaner.
- 5.3 After a professional cleaner has been engaged by the owner and has completed the requirements of section 5.2, a qualified professional must inspect the building and provide written certification in the form prescribed by the Manager, Bylaw and Licensing Services that the requirements of section 5.2 have been satisfied and the building is substantially free of any pesticides, fertilizers, toxic chemical contamination, moulds or fungi, prior to the occupancy or re-occupancy of the building.

- 5.4 Any remediation required to be done on a parcel pursuant to section 4.10 and section 5.2 of this bylaw must, unless the remediation is required to be done pursuant to section 5.4.1, be completed within 60 days of the date a "Do Not Occupy" notice is posted under section 7.1, provided, however, that where the Manager, Bylaw and Licensing Services is satisfied that the owner is diligently proceeding with the required work, the Manager, Bylaw and Licensing Services may grant an extension of time that is, in his or her opinion acting reasonably, sufficient to complete the remediation work required.
- 5.4.1 If a parcel or a building on a parcel is or has been used as a medical marijuana grow operation, the owner of the parcel must, subject to the *Residential Tenancy Act*, complete sections 4.11(a) to (f), 5.2(a) to (c), and 5.3 in respect of the building and parcel used for a medical marijuana grow operation, within 60 days of the earlier of:
- (a) the expiry or termination of the medical marijuana license, or
 - (b) where a "Do Not Occupy" notice has been posted under section 7.1, the posting of the "Do Not Occupy" notice,
- or within any other period as determined by the Manager, By-law and Licensing Services.
- 5.5 Neither the removal of a "Do Not Occupy" notice posted under section 7.1 nor the issuance of a building permit under this bylaw nor the acceptance or review of plans, drawings or specifications or supporting documents, or any inspections made by or on behalf of the City, will in any way relieve the owner from full and sole responsibility to perform work required or contemplated under this bylaw or the Building Code and all other applicable codes, standards and enactments.
- 5.6 It is the full and sole responsibility of the owner (and where the owner is acting through a representative, the representative) to carry out the work in respect of which a permit was issued or which is required prior to removal of a "Do Not Occupy" notice posted under section 7.1 in compliance with this bylaw and all other applicable codes, standards and enactments, including the Building Code.

Fire Hazards

- 5.7 Every owner or occupier of a parcel must undertake any action directed by the Fire Chief for the purpose of removing or reducing any thing or condition that the Fire Chief or any other authorized person considers is a fire hazard or increases the danger of fire.

Occupancy Not Permitted

- 5.8 After a grow operation, medical marijuana grow operation or clandestine drug lab is removed from a parcel, and until the remedial measures prescribed by section 4.10, 4.11 and section 5.2 of this bylaw are completed and the written certifications are provided to the Manager, Bylaw and Licensing Services as required by section 4.11 and section 5.3, the parcel shall not be occupied by any person and it shall be an offence for any person to allow, suffer or permit any occupancy of the parcel until its occupancy is permitted by this bylaw.

Notice to Prospective Occupants

- 5.9 Before a parcel is re-occupied after removal of a grow operation, medical marijuana grow operation or clandestine drug lab, the owner must notify any prospective occupants from that time forward in writing that a grow operation, medical marijuana grow operation or clandestine lab was removed and that the requirements of this bylaw were met.

Part 6 City Reliance

- 6.1 Neither the issuance of a building permit nor the removal of a "Do Not Occupy" notice posted under section 7.1 under this bylaw nor the acceptance or review of plans, drawings or specifications or supporting documents nor any inspections made by or on behalf of the City constitute in any way a representation, warranty, assurance or statement that the Building Code, this bylaw or any other applicable codes, standards or enactments have been complied with.
- 6.2 When a qualified professional, professional engineer, architect or other person provides certification or other documentation to the City under this bylaw that the work required by or contemplated by this bylaw substantially conforms to the requirements of this bylaw and that the building complies with the health and safety requirements of the Building Code, British Columbia Electrical Code, this bylaw and all other health and safety requirements established by applicable enactments, the City will rely solely on the documentation as evidence of conformity with these requirements and not on its receipt of plans, monitoring of the work, acknowledgement of completion, or removal of a "Do Not Occupy" notice posted under section 7.1.

Part 7 Powers of Building Inspector, Fire Chief and Inspectors

Posting and Delivery of Notices

7.1 If:

- (a) the Building Inspector or Fire Chief has reason to believe that all or part of a parcel or building is a controlled substance property or is or has been used as a medical marijuana grow operation;

7.2 The Manager, Bylaw and Licensing Services may:

- (a) acknowledge receipt of evidence from the owner of completion of work referred to in section 4.11, 5.2 and 5.3; and

- (d) order every occupier of a controlled substance property or a building or parcel that is or has been used as a medical marijuana grow operation to vacate the property until the "Do Not Occupy" notice posted under section 7.1 has been

removed by the Building Inspector or Fire Chief under this bylaw; and

- (e) without limiting paragraphs (a) to (d), exercise the powers of the Fire Commissioner under section 25 of the *Fire Services Act*, and for these purposes that section applies.

Removal of "Do Not Occupy" Notice

- 7.7 When an owner has complied with the requirements listed in section 4.11, the Building Inspector or Fire Chief must remove the "Do Not Occupy" notice posted under section 7.1.

Part 8 Fees and Service Costs

Fees

- 8.1 The following fees apply under this bylaw:
 - (a) each time one or more inspectors enters on a parcel to carry out an inspection in the exercise of the City's authority to regulate, prohibit or impose requirements under this bylaw or another enactment, or to attend at the parcel under sections 7.2, 7.3 or 7.4, the owner must pay the City the administration and inspection fees stipulated in *Surrey Fee-Setting By-law, 2001, No. 14577*;

- 8.3 Despite section 8.2, if any owner inspects and reports a contravention under section 5.1(b)(i) of this bylaw, service costs arising in respect of the contravention are not payable in respect of that incident, unless the owner discovers the contravention only after a peace officer attends the parcel and discovers the contravention.

Part 9 Default

- 9.1 If an owner of a parcel fails to comply with a requirement of the City under this bylaw or another enactment, the City, by its officers, employees or agents within the time specified in an order or notice, may enter on the parcel and take such action as may be required to correct the default, including to remediate the parcel or bring it up to a standard specified in an enactment, at the expense of the owner or occupier who has failed to comply, and may recover the costs incurred as debt.
- 9.2 If the owner or occupier has failed to pay the City's costs of acting in default under section 9.1, or failed to pay any other fee imposed for work or services provided to land or improvements, before the 31st day of December in the year that the correction of the default was effected or the fee imposed, the costs will be added to and form part of the taxable payable on the property as taxes in arrears.
