### REGULAR COUNCIL

TO: **Mayor & Council** DATE: **January 7, 2021**

FROM: **General Manager, Planning & Development** FILE: **0540-20**  
**General Manager, Engineering** (Development  
Advisory Committee)

SUBJECT: **Development Advisory Committee Terms of Reference**

---

### RECOMMENDATION

The Planning & Development Department and the Engineering Department recommend that Council:

1. Receive this report for information; and
2. Endorse the attached Terms of Reference (Appendix "I") to support the Development Advisory Committee, as described in this report.

### INTENT

The intent of this report is to seek Council's endorsement of the Terms of Reference ("TOR") for the new Development Advisory Committee.

### BACKGROUND

On December 7, 2020, the Mayor set up a new standing committee establishing a new Development Advisory Committee ("DAC") and appointed Councillor Nagra as the Chair, with Councillor Patton as Vice-Chair and Councillor Pettigrew as the third member of Council. Councillor Pettigrew declined his appointment. Upon establishment of this new committee, the Mayor also announced that a TOR would be drafted.

Since 1994, the Planning & Development Department has had a DAC that has been acting as a liaison between the development industry and staff. It has provided advice and comments to staff on policies and by-laws, as well as on land use plans and other development-related topics.

### DISCUSSION

The City undertakes consultation with the development industry on a number of fronts including, but not limited to, progress on current Neighbourhood Concept Plans ("NCPs") that are in process, proposed changes to by-laws that affect the development industry, proposed changes to the development application review process, and other topics where comments are requested, as required. Quite often, comments from the industry will guide staff in finalizing their work and

will include comments in reports to Council for their information. The DAC is a key component of this consultation process.

This new standing committee can only have as many public members as Councillors. The DAC will be composed of two Councillors, two members of the public, senior City staff, and two observers from key external stakeholders; one observer from the Homebuilders Association Vancouver (“HAVAN”) and one from the Urban Development Institute (“UDI”). An internal staff working group will provide support and resources. The Legislative Services Division will provide administrative support and coordination. The DAC will generally be held bimonthly, or at the call of the Chair.

The TOR (Appendix “I”) outline the scope, structure, and membership of the DAC.

### SUSTAINABILITY CONSIDERATIONS

The work of the DAC meets the objectives of the City’s Sustainability Charter 2.0. In particular, this work relates to Sustainability Charter 2.0 themes of Inclusion and Built Environment and Neighbourhoods. Specifically, the initiative supports the following Strategic Directions (“SD”) and Desired Outcomes (“DO”):

- Community Pride and Engagement DO23: Numerous active local clubs, groups and agencies contribute to the community’s well-being.
- Neighbourhoods and Urban Design DO1: Surrey is comprised of distinct, diverse and compact neighbourhoods and Town Centres, with an engaging public realm.
- Neighbourhoods and Urban Design SD6: Provide a range of community amenities including culture, recreation, health, and educational facilities in each Town Centre.

### CONCLUSION

The development industry participates in the growth and economic development of the City. It is important to include the industry in consultation processes to ensure participation in successful development and growth of the City. A new Development Advisory Committee will provide an opportunity to move beyond traditional consultation and will support genuine dialogue with the development industry.
