SUBJECT: Finalization of LIP Charges for the Water Main Construction Project

RECOMMENDATION

That Council:

1. Receive the submission of a certified statement setting out the final cost of the Works, and
2. Direct the City Clerk to amend Local Improvement Water Main Construction (Agricultural Lands) By-law, 1997, No. 13280 to reflect the final cost.

DISCUSSION

Council, through adoption of the Construction By-law, authorized water main extension to agricultural lands on 168 Street: 48 Avenue to 56 Avenue; 48 Avenue 1640-metres west of 168 Street; and 50 Avenue 1200-metres west of 168 Street. The project is complete and the final cost now determined. This final cost is less than the pre-construction estimate, resulting in a reduced local improvement cost to each of the benefiting property owners.

A copy of the 'Certificate of Completion', with the final cost, is attached.
