Report COUNCIL DATE: July 10, 2000

REGULAR COUNCIL

TO: Mayor & Council **DATE: July 4, 2000**

FROM: General Manager, Engineering **FILE: 4751-006**

SUBJECT: Inclusion of Rosemary Heights Lands Within the GVRD's Fraser Sewerage Area

RECOMMENDATION

It is recommended that Council adopt the following resolution:

“That the GVRD be requested to include the Rosemary Heights Lands within the 'Fraser Sewerage Area'.”

DISCUSSION

A portion of the Rosemary Heights area which is currently not within the Fraser Sewerage Area (shown on the attached Sketch #1), will potentially in the near future, be developed with a sewer system connected to the GVRD's system. It is therefore appropriate to request the GVRD to include these lands within the 'Fraser Sewerage Area'.

The proposed addition will result in no change to the City's share of the GVRD's sewage charges, as the GVRD is moving from an assessment basis to a flow-based cost allocation. Changes in assessment after 1999 will not affect this phase-in.

Jorgen Johansen, P. Eng.

General Manager, Engineering
