

# **Corporate** NO: R252

# **Report** COUNCIL DATE: December 10, 2001

## **REGULAR COUNCIL**

**TO: Mayor & Council** DATE: **November 30, 2001**

**FROM: General Manager, Engineering** FILE: **1200-902**

**SUBJECT: Local Improvement Water Extension (Agricultural Lands)176 Street: 40 Avenue to Nicomekl River.**

## **RECOMMENDATION**

It is recommended that:

1. Council authorize a Local Improvement water main extension on 176 Street from 40 Avenue to the Nicomekl River, as formally petitioned, for an estimated cost of \$ 229,000 which is to be apportioned and levied on the benefiting property owners in accordance with Cost Sharing By-law No. 3250, when final costs are determined.
2. The corresponding Construction By-law be introduced for adoption by Council.

## **INTENT**

To fulfill petitioners' request for a water main extension.

## **DISCUSSION**

Property owners in the above area (see attached sketch) have petitioned Council to extend the water distribution. The petition has been certified to be 'sufficient' in accordance with the *Local Government Act*. (A copy of the City Clerk's certificate is attached.)

Costs of the water main extension have been estimated at \$ 229,000 (see attached Engineer's Report), which is to be shared equally among the 11 benefiting properties pursuant to Cost Sharing By-law No. 3250.

To lower construction costs, the water distribution system in the agricultural areas comprises of smaller diameter mains, which deliver domestic needs but not fire flows.

There are sufficient funds in the Water Capital LIP Program to cover the costs of this project.
