REGULAR COUNCIL

TO: Mayor & Council **DATE: March 7, 2001**

FROM: General Manager, Engineering Department
Acting General Manager, Finance, Technology & HR

FILE: 4799-905

SUBJECT: Local Improvement Sanitary Sewer Servicing on 145A Street: Address 8218 to 82A Avenue

RECOMMENDATION

That Council:

1. Receive the submission of certified statement setting out the final cost of the Works; and
2. Direct the City Clerk to amend Local Improvement Sanitary Sewer Construction By-law No. 14016, to reflect the final costs and apportionment thereof.

DISCUSSION

Local Improvement sanitary sewer servicing of certain parcels of lands in the subject area, was authorized by Council Resolution No. R00-1133 followed by Construction By-law No. 14016. The final costs following completion of construction have now been determined. These costs are less than the pre-construction estimate, resulting in reduction of charges to the benefiting property owners.

In this regard, we provide as Appendix 1, a Completion Certificate certifying that:

- (a) the works authorized under the Construction By-law are now complete; and
- (b) the final total cost of the works amounted to \$43,453.82.

Also provided, as Appendix 2, is a Cost Apportionment Report which will be incorporated as a revised Schedule B within the Construction By-law.
