# **Report** COUNCIL DATE: March 12, 2001

## **REGULAR COUNCIL**

**TO: Mayor & Council**    **DATE: March 7, 2001**

**FROM: General Manager, Engineering Department**  
**Acting General Manager, Finance, Technology & HR**

**FILE: 1297-903**

**SUBJECT: Local Improvement Waterworks on 152 Street: 44 Avenue to 54A Avenue and on 48 Avenue:  
156 Street to the Serpentine River**

## **RECOMMENDATION**

That Council:

1. Receive the submission of certified statement setting out the final cost of the Works; and
2. Direct the City Clerk to amend Local Improvement Waterworks Construction By-law No. 13807, to reflect the final costs and apportionment thereof.

## **DISCUSSION**

Local Improvement waterworks servicing of certain parcels of lands in the subject area, was authorized by Council Resolution No. R99-2226 followed by Construction By-law No. 13807. The final costs following completion of construction have now been determined. These costs are less than the pre-construction estimate, resulting in reduction of charges to the benefiting property owners.

In this regard, we provide as Appendix 1, a Completion Certificate certifying that:

- (a) the works authorized under the Construction By-law are now complete; and
- (b) the final total cost of the works amounted to \$452,896.11.

Also provided, as Appendix 2, is a Cost Apportionment Report which will be incorporated as a revised Schedule B within the Construction By-law.
