RECOMMENDATION

That Contract M.S. 1701-004-01 be awarded to the low bidder, Aggressive Roadbuilders Ltd., in the amount of \$1,771,754.15, including GST.

SCOPE OF WORK

The scope of work under this contract involves arterial road works and related work including water main construction, road widening, asphalt repair, paving, traffic signal upgrades and related works on various streets within the City. Two projects, 72 Avenue between King George Highway and 138 Street, and King George Highway between Hall Road and 72 Avenue, are located on very busy streets so the asphalt milling and paving will be done at night. The work on the 72 Avenue project also includes removal of paving stones, miscellaneous widening and raised medians which will eliminate some on-street parking and modify the decorative street lighting. This work was presented to the property and business owners at a public information meeting on April 30, 2002, with a favorable response from all who attended.

Construction is expected to start May 27, 2002, and be completed by September 4, 2002.
