¹ Municipal Libraries and Regional Library Districts must provide audited financial statements as per the *Libraries Act* section 11(2) and 26(2)(a).
As per the *Libraries Act* section 40(3)(a) Public Library Associations must prepare annual financial statements in accordance with generally accepted accounting principles. This also applies to Library Federations.

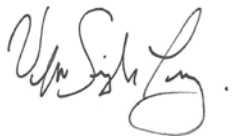

Management Report

The Financial Statements contained in this Statement of Financial Information have been prepared on behalf of the Library Board in accordance with generally accepted accounting principles or stated accounting principles, and the integrity and objectivity of these statements are the responsibility of the Library Board. The Library Board is also responsible for all statements and schedules and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The Library Board is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced. The Library Board has the responsibility for assessing the management systems and practices of the Library.

The external auditors, KPMG, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Financial Information Act. Their examination includes a review and evaluation of the Library's system of internal controls and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The external auditors have full and fair access to the Library Board.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the Surrey Public Library

We have audited the accompanying financial statements of the Surrey Public Library, which comprise the statement of financial position as at December 31, 2015, and the statements of operations, changes in net debt and cash flows for the year then ended, and notes and other explanatory information, including Schedules 1 and 2, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Surrey Public Library as at December 31, 2015 and its results of operations, its changes in net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

For the year ended December 31, 2015

The Surrey Public Library, which is funded and supported primarily by the City of Surrey, was established in 1983 pursuant to the Library Act of British Columbia (Part 2) as a Municipal Public Library. The Library Board, on behalf of the residents and taxpayers of the City of Surrey, oversees the management and operation of the Surrey Public Library and further serves as a policy making body for the organization. The Library Board is appointed by the Council of the City of Surrey.

The Library is economically dependent on the City to provide certain services on behalf of the Library and to provide sufficient operating grants to cover any expenses incurred directly by the Library.

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Surrey Public Library are prepared by management in accordance with Canadian generally accepted accounting principles as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants Canada. These financial statements are included in the Consolidated Financial Statements of the City of Surrey. The significant accounting policies are as follows:

a) Basis of accounting

The City follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

b) Budget information

The budget data presented in these Financial Statements was included in the City of Surrey's 2015 – 2019 Consolidated Financial Plan and was adopted through By-law #18381 on February 2, 2015.

c) Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They may have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i) Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful lives of the assets as follows:

Books and publications	5 years
Machinery and equipment	5 to 10 years

Amortization commences when the asset is put into use.

Land and buildings acquired for Library purposes and funded by the City are recorded in the City's financial statements and are not included in these financial statements. The Library uses the land and buildings at no charge.

Contributed tangible capital assets received are recorded at their fair value at the date of receipt and recorded as revenue.

For the year ended December 31, 2015

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

d) Employee future benefits

The Library and its employees make contributions to the Municipal Pension Plan, a defined benefit multi-employer plan. These contributions are expensed as incurred.

Sick leave and post-employment benefits also accrue to the Surrey Public Library's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefit plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits.

e) Government transfers

Restricted transfers from governments are deferred and recognized as revenue in the year in which the stipulations are met. Unrestricted transfers are recognized as revenue when received.

f) Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant areas requiring the use of management estimates relate to the determination of accrued employee future benefits and useful lives of tangible capital assets.

Actual results could differ from these estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

g) Segment disclosure

The operations of the Surrey Public Library are comprised of a single function. As a result, the expenses of the Library are presented by object in the statement of operations.

h) Fines and Fees

The Library recognizes fines and fees as revenue upon receipt.

2. DUE FROM THE CITY OF SURREY

All cash transactions of the Surrey Public Library are handled by the City of Surrey, including payroll and accounts payable processing. The amount shown as due from City of Surrey represents the net cash balance held by the City of Surrey owed to the Surrey Public Library.

During the year, certain employees of the City of Surrey performed administrative services for the Library, including legal, human resources, payroll and financial services. The Library was not charged by the City of Surrey for these services for the year ended December 31, 2015 (2014 – nil). Printing, marketing, risk management and information technology services along with facility and grounds maintenance costs related to the Library of \$315,161 (2014 - \$296,945) were charged from the City of Surrey and are shown as expenses in the financial statements.

For the year ended December 31, 2015

3. EMPLOYEE FUTURE BENEFITS

The Surrey Public Library provides certain post-employment and sick leave benefits to its employees. These benefits include accumulated non-vested sick leave, post-employment service pay and post-employment top-ups for dental, life insurance and accidental death and dismemberment insurance.

An actuarial valuation for these benefits was performed to determine the Library's accrued benefit obligation as at December 31, 2015. The difference between the actuarially determined accrued benefit obligation of \$1,959,499 and the accrued benefit liability of \$1,908,871 as at December 31, 2015 is an unamortized actuarial loss of \$50,628. The actuarial loss is amortized over a period equal to the employees' average remaining service lifetime.

	2015	2014

Total surplus	\$ 5,370,380	\$ 5,579,972

For the year ended December 31, 2015

8. PENSION PLAN

The Library and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trustee pension plan. The Board of Trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits provided are based on a formula. As at December 31, 2015, the Plan has about 185,000 active members and approximately 80,000 retired members. Active members include approximately 37,000 contributors from local government.

The most recent valuation for the Plan as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits on a going concern basis. The next valuation will be as at December 31, 2015 with results available in 2016.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The Library paid \$866,000 (2014 - \$797,000) for employer contributions while employees contributed \$788,000 (2014 - \$718,000) to the Plan in fiscal 2015.

9. BUDGET FIGURES

The budget data presented in these financial statements is based on the 2015-2019 Financial Plan of the City of Surrey. A reconciliation of budgeted results to reported results is as follows:

	2015 Budget
Budgeted operating surplus as approved	\$ -
Less: Amortization	(2,741,000)
Add: Budgeted acquisitions of tangible capital assets	2,100,000
Budgeted deficit as presented	\$ (641,000)
