RE: Temporary Lane Closure: August 2020 to December 2023
Old Yale Road: Highway 17 to Spruce Road

INTENT

This memorandum is to inform you of an upcoming northbound lane closure on Old Yale Road, between Highway 17 and Spruce Road, on a recurring basis for a three and a half year period (August 2020 to December 2023) to facilitate the Pattullo Bridge Replacement Project ("PBRP").

DISCUSSION

The Province of British Columbia, through the Ministry of Transportation and Infrastructure ("MoTI"), is replacing the Pattullo Bridge crossing of the Fraser River which connects Surrey and New Westminster. As part of the PBRP, MoTI will be making improvements to various roads near the bridge, including a grade-separated crossing (i.e., overpass) at Highway 17 and Old Yale Road.

To facilitate field investigations and construction of the Highway 17 overpass of Old Yale Road, the northbound lane on Old Yale Road (between Highway 17 and Spruce Road) will need to be closed to vehicular traffic on a recurring basis. This closure is in accordance with the Municipal Agreement ("MA") between MoTI and the City. The southbound lane on Old Yale Road will remain open at all times.

Field investigations will commence in August 2020, with major construction activities anticipated to begin in 2021. The PBRP and associated road improvements are scheduled to be completed in Fall 2023.

Emergency and Local Access

Emergency and local access will be maintained at all times via the southbound lane on Old Yale Road. A detour route for northbound vehicular traffic will be provided via Tannery Road, as illustrated on the attached map.

Timing

The northbound lane closures are scheduled to take place at night (10 p.m. to 5 a.m. weekdays, 10 p.m. to 7 a.m. weekends) per the conditions set out in the MA.
Notification

MoTI will develop a public information plan to inform the public and businesses to ensure that municipal, Provincial, and other stakeholders are aware of when and why the closures are taking place.

If you have any questions, please call me at 604-591-4022.
