

YOUR RECREATION ACCOUNT FEATURES

Once you've logged in using your MySurrey account information, your screen will look like this. If you are the primary account holder, you will see other family members listed and may add family members. If you are NOT the primary account holder, you will only see yourself listed.

Customers may now manage and update information on their account. Click on each family member to see contact information, registered courses under schedules, transactions and financial information (if stored).

If you wish, you may enter emergency contacts and important medical information. For children in day camps, medical information stored here will be provided to instructors on the first day of camp, rather than filling in another form on site. Our new system meets the industry standard for encryption and security measures.

View your current balance, see past payments, upcoming scheduled payments or make a payment by clicking on INVOICES.
