Comments - Optional: I truly believe this would be an asset to Surrey. It's important that artists have a space to feel seen. To express themselves positively and freely. As a creative person , I find a lack of this diversity in my city. It's what so many people travel to Vancouver to feel. It would bring me and I'm sure many other tremendous joy to have this be the start of a more creative, artistic Surrey/Cloverdale.

Comments - Optional: A tattoo parlor is a safe space and an emotional outlet for many residents, it is community driven. Tattoo art represents thoughts, feelings, experiences and emotions that we have not spoken about or acknowledge, even to ourselves. They help individuals reflect on their past and present relationships with others and with themselves. Some people choose physical therapy as a healing point and some choose body art to represent their emotions and trauma. This is a form of Mental Health.

Comments - Optional: Disa is an amazing business owner, who has my upmost respect, she creates amazing artwork for people who need it the most. I think adding her tattoo studio to Surrey would be be a great idea. She is very hard working and it would be great to see more small business owners, especially female in the area I grew up in.

Comments - Optional: These artists run the first Tattoo business that I've visited that I would call a studio. They provide a warm and inviting atmosphere that it is artistically beautiful and serene, and it is treated as a place of art and discovery; it is the furthest away from your typical loud, crazy boisterous "Shop". These ladies are driven, talented professionals that have created a wonderful one of a kind place that will bring business professionals into the community generating revenue.

Comments - Optional: To stop a viable, beautiful place
of business because of a
decades old bylaw is ridiculous.
A tattoo shop that is clean,
gorgeous and well taken care of
by a responsible owner and is
way nicer than 80% of the
businesses allowed to operate in
Surrey. Anyone opposed to this
business creating art and
bringing business to the
community is ill-informed.

Comments - Optional: I may not be a resident of Surrey,
however I am a resident of
Maple Ridge! I am willing to drive
all the way from Maple Ridge to
see these women and put their
art on my body! If you allow
them to do business in your city
you can bring so many other
people like me to come and see
them. I will say after I went to get
my tattoo from them the last
time I then spent the rest of the
day around that area shopping
and exploring! You would be
encouraging so many people to
go and explore more of surrey!

Comments - Optional: This tattoo studio adds value to
the community through
supporting artists like Disa to
share their art in the form of
tattoos. Looking through Disa's
portfolio of work, you can see
the attention to detail, and
beauty created from it. The
projects that she takes on often
take multiple sessions as they
are large realism tattoos, which
leads me to add how her
business will not add to traffic
congestion of the area due to 1-4
clients a day, max. This project
allows for employment of fellow
artists.

Comments - Optional: Disa and her body art shop will bring more life to this community. The amount of architecture and work that went into making this beautiful not dark and spooky shows how uplifting it will be for the community. Tattoos are no longer a taboo and crime related art and should be treated as any hair stylist, makeup artist, cosmetic or other shop. Anyone worried about kids in the community needs to see there are age requirements just like liquor stores and no one has a problem with them being in town

Comments - Optional: Disa is a talented artist, and
amazing business person. She is
a member of the community and
is beyond deserving of having
this space to continue to create
art, and connect with her clients;
whether they are local or from
afar. Local artists are the heart
beat of cities. They create
culture, a sense of belonging,
and a space for people to come
together and share
commonalities. Losing this space
would not only be a loss for Disa,
but for anyone who loves her art.

Comments - Optional: Please let me be clear: This isn't simply support for the rezoning application for a tattoo shop. It is support for the arts, support for women in business, and support for the healing that can take place through the process of being tattooed - healing many of us need right now. Most importantly, this is acknowledgement that the rules that served us once (1970) must be revisited to ensure they reflect who we wish to be as a community. I support progress. I support women. I support Surrey.

Comments - Optional: I visited Disa's studio in osprey village as a client and it was a beautifully run establishment that complimented the community. The studio embodies a unique approach to tattoo artistry, and seeks to set the bar by providing clients with a comforting and uplifting tattoo experience. I would like to support the change to the bylaws that are creating barriers for Disa, a determined and inspiring female business owner. She deserves to create art in the space she's worked so hard to make her own.

Comments - Optional: I am in full support of the rezoning application to include the new tattoo shop. The original one was written in the 1970s and is completely outdated to reflect the art work that is tattoos. As the world has evolved so has tattoo work, and how it is perceived. Tattoo shops do not mean 'bad people's, or 'criminals'. It actually reflects a higher level of customers now who are paying large amounts of money for art work, the same as the art work of hair styling.

Comments - Optional: We should be supporting all
young entrepreneurs! Disa
ravens tattoo studio is a work of
art that supports all other
businesses. When she was
located in Pitt meadows, she
brought down many new
customers to our shopping area
which increased the villages
value as well as daily sales.

Comments - Optional: Open DISA RAVEN STUDIO. Disa & Paige are two of the most supportive, hard working, inspirational and talented artists I have come across, and they both have me as a client for life. I am an artist - a photographer - myself, and to see the unjust treatment and unfortunate turn of events after Disa had established her Studio in this area is heart wrenching and enraging. There are differences that people have - some may be opposed to Tattoos/Tattoo culture in general, however, Art is Love.

Comments - Optional: This lady spent so much time, money & efforts getting this shop set up in this area. She followed all of the proper steps to do so, all inspections necessary to go with it & she can't remain here because it isn't a hair stylist place or a shoe repair shop? It's so crazy, tattoo shops give creatives an opportunity to express themselves is their own unique way and bring a community or people with artistic views together. Please let this shop run again.

This women is not some cheap
tattoo parlor. Her work is art.
The price and quality all speak
for themselves. You could give
this property to some random
person. But Disa and her work is
amazing and beyond anything.

Comments - Optional: I would like to support this small local business and see this by law changed. This is not just a tattoo studio this woman creates art, Art that is seen all around the world and people travel here and locals want her art on their bodies. These are high end tattoos and she is in high demand due to her skill and methods. This is how a city grows culture and creativity by allowing artists to open businesses. This is not a multi national corporation. LOCAL business!

Comments - Optional: I fully support this new business.
The fact that our area is growing
and the City has allowed a liquor
store in this area I do not see
why there should be push back
to allow The owner to open. She
is an extremely dedicated young
women with a great business
sense. She is employing very
talented people which in turn will
help grow her business.

Comments - Optional: As a former Surrey resident I am appalled at how archaic these bylaws are. I have personally met both ladies that will be working out of this shop and I believe that they represent empowerment, positivity, and are so incredibly hard working. This studio is beautiful and will really prove to be an upgrade to the neighbourhood. Please support local businesses and entrepreneurs, especially after these last few years. They deserve it and they've earned it.

Comments - Optional: This beautiful tattoo studio
should not be having this much
of a struggle to open when it's
simply another form of an art
studio! It will provide a safe place
for many to come and add
artwork to their body to feel
empowered and confident in
their own skin. Tattoos are
stories marking a time in our life,
remembering someone we've
lost, or maybe it's just a beautiful
piece of art. This is not a danger
to Surrey, for once this addition
will add love and character to the
city by spreading happiness!

Comments - Optional: This shop brings class to the neighborhood. It is no different than a hair salon, spa or cosmetic treatment center. If this area is zoned for commercial property, it should be able house this tattoo shop. I feel strongly that this will NOT detriment the community. I'm looking forward too seeing their doors open for business very soon. Please let this business operate and flourish in the unit they have already put money into building.

Comments - Optional: 24 years old, female business owner, internationally known for work. Successfully run studio for years, mentor to multiple female artists who apprentice with her. Financially stable to open bigger space, invested to transform into an art gallery space. Over year wait list, notoriety held, she picks her clients, you do not walk in off the street. This is a role model, a space to be celebrated in business, not feared. Easily longer list than her wait list, of other business that should not be open

I am a 40 year old mother of three, a teacher with my masters and have had the honour of getting several tattoos from the very talented Disa Raven. Her tattoo shop is a beautiful boutique, it is welcoming and warm. She has surrounded herself with likeminded professionals and family. Her business will beautify and compliment the surrounding area. We should be honouring young woman who are striving to be entrepreneurs who are thoughtful and willing to pay it forward in her community.

Allowing Disa Raven's Studio to open would be a very positive addition to the community. The strong, passionate, empowering women who work behind these doors are phenomenal people, that work with phenomenal clients. The impact that Disa has had on me when sharing her talent has changed my life in many ways. This studio is much more than just a business. It's a place where people come to share a story, heal, & connect. The City of Surrey would be very lucky to have this addition to the community.

I am a resident of Langley City and frequent the City of Surrey for many services and support many local businesses. I can speak confidently that the tattoo industry has become a community supporting self love, acceptance and mental health awareness. It is an industry of ART and bodies are the canvases telling the stories. I support that this business is crucial to the growth of the City and will bring a positive and beautiful narrative.

Comments - Optional: Disa's tattooing is a move
towards what Surrey stands for.
As a locally raised individual,
Disa has created a highly
successful business, a dedication
to art, and an opportunity for
additional artists to grow in a
sustainable business. Disa
continuing to persevere in light
of these challenges shows that
she is dedicated to doing the
right thing. Allowing this
rezoning means you are
supporting the next generation
of successful artists and
entrepreneurs.

Select your support level: Support
Comments - Optional: As a member of the specific
location of this business, I
proudly support the rezoning to
allow a tattoo shop. The original
zoning is beyond outdated, and
the negative stigma associated
with tattoos has long
disappeared. This business
supports local women in
business and the community of
Clayton Heights would be lucky
to have this establishment.

**This is more than a tattoo shop.
Disa's work is not only
represented on my body
permanently but many others. It
is an expression of art. Her
beautiful art allows myself and
hundreds of others to feel more
confident in their skin. It's
therapy, it's expressive and it's
beautiful. As an independent
female battling to make a name
for herself, this bylaw deserves
to be heard and supported so
Disa can continue to pave the
way for herself and those she
chooses to employ and inspire.**

Disa Raven is an extremely talented, professional tattoo artist who has put her heart and soul, plus thousands of dollars, into opening a new studio to accommodate her growing business that is full of loyal, supportive clients. She has followed all rules and received approval from Fraser Health. Tattoos are a piece of art that have grown in popularity since the 1970's, and are sported by lawyers, doctors and professionals around the world. The City of Surrey zoning bylaw needs to reflect this.

I currently reside in the Osprey Village area of Pitt Meadows. Disa Raven previously had a studio within sight of my townhouse complex. I support her rezoning application as I know her to be a professional and respectful business owner. Her previous location was not disruptive to the family oriented neighborhood, her clientele were respectful and her artistry drew people to our area, therefore supporting the neighboring business (florist, coffeeshop, salons and retail).

The bylaw in relation to tattoo parlours is archaic at best. Tattooing is an art form and expression of individuality that is now widely accepted from young to old . This business would be an asset adding to the diversity of this local neighbourhood hub. I strongly advise you to look at this request with a forward thinking point of view and let this motion pass . The city of Surrey prides itself on its inclusivity, and from a citizen and business owners perspective it would be an asset.

Comments - Optional: **Disa has worked harder than anyone I've ever met. She started her shop from the ground up, worked relentless hours to get to where she is today. She's gone through incredibly hard times over the past few years but nevertheless, continued to work as hard as she could to make it in this world. She's responsible, hard working, and holds a level of class like noone I've ever seen. She deserves her shop. She's worked too hard for an out dated bylaw to prevent her from achieving her dreams.**

Comments - Optional: Disa Raven is an outstanding young entrepreneur with incredible responsibility and talent. To have her tattoo shop in a neighborhood would be something very desirable for any neighborhood as she is elevated, incredibly talented and renowned for her work world wide. The fact that wording from 1970's would exclude a shop from opening is not current and in my opinion should be considered for updating and acceptance to stay with times .

Comments - Optional: Disa is a well known and very publicly supported artist, not only in BC but across the country. People travel all the way from the East Coast to have work done from her and as a resident on the street she is trying to get her shop open on, I fully support her. Disa is an asset to the neighborhood and would bring nothing but positive attention to the area. I hope the council makes the right decision and overrules the current, and very outdated, zoning laws.

Comments - Optional:

I have met Disa outside her business and she is a responsible, kind and caring person. I have followed her online for a long time and would be excited to welcome her business into my neighbourhood. She is clearly a responsible business owner. It would be a shame outdated bylaws prevent her from being a part of the business community. I have personal plans to book a tattoo with her as it would be a privilege to work and collaborate with her in this manner. I sure hope she can open this shop.

This amazing tattoo studio will be an amazing contribution to our city. It is owned and ran by strong independent women- who have shown how to overcome hardships and diversity during this extremely challenge time when many have failed. This studio will be full of amazing artistic ability and a place where many can create life long memories and gorgeous pieces of momentums. I am in full support for this business opening!

I fully support the opening of Disa Raven Tattoo Studio on 72nd Ave in Surrey. Disa is a respectful, hard working and kind person. Her tattoo studio is unlike your typical shop in that it's an art installation in its own right. The decor and renovations she has put into the space are a welcome addition to the neighbourhood. Having put in all the effort to acquire the shop, renovate, invest, and pass all necessary steps the only thing holding her back are obstacles put in place from the 70's.

Disa Raven is not only a brilliant tattoo artist but a strong, independent, capable, classy business woman. Disa's previous tattoo in Osprey Village was a safe haven for her and her clients. It was small, but intimate and special. I have no doubts, that her new studio, will be a beautiful work of art and a safe, warm, welcoming addition to the Surrey area and surrounding communities.

Comments - Optional: Disa Raven is a very talented artist and a responsible business owner. She is current, dedicated and with an ever growing clientele would bring more positive business to your area. The City of Surrey is growing and becoming increasingly diverse. To remain relevant amongst your citizens, change is needed. I strongly urge you to reconsider your stance on this business, and the 50 year old bylaw policy that has been used to destroy it. Please allow this business to open its doors. Thank you

www.surrey.ca

From: C_{s.} 22(1) Ewart
To: Clerks Department Webmail
Subject: Community plan amendment application 9721-0018-00
Date: February 14, 2022 1:41:36 PM

I am a resident of South Surrey, on 154th Street. I am concerned about the proposed new building development at 1670, 1680, and 1690 154th Street, application #7921-0018-00.

According to the Semiahmoo Town Centre Plan on the City's website, that address is zoned for low-rise residential development, which is 3-4 story residential buildings. The proposed development at 1670, 1680, and 1690 154 Street states that they intend to build a 5-story structure.

I am opposed to granting this exception to the zoning bylaw.

Best regards,
C_{s.} 22(1) Ewart
