QUESTIONS AND ANSWERS:

- Q1. Typically, as Prime Consultant we do not contract the Geotechnical Consultant, our insurers and regulatory bodies don't allow for this. However if the City contracts the Geotechnical Consultant directly we will assist the City in acquiring this service, provide evaluation and recommendation as well as coordinate, lead, and manage the geotechnical consultant so that an adequate level and detail of information is provided for proper design of the facility.

Please confirm if the City will consider contracting the Geotechnical consultant directly.
