---

**INFORMATION FOR CONTRACTORS**

Contractors are advised that Addendum No. 1 to 1220-040-2021-007 is hereby issued by the City. This addendum shall form part of the Contract Documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer questions raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractor not being familiar with this addendum. This Addendum No. 1 contains one (1) page.

**1. QUESTIONS AND ANSWERS:**

Q1. I have a question regarding services available at Stokes Pit.

I understand water is not available, however I am wondering about electricity:

Is there a sufficient electrical source? Sufficient would be a 15 or 20 Amp 120 V outlet within 30 Meters / 100 feet of the equipment.

The pressure washing equipment I prefer to propose using are commercial pressure washers which run off of electricity so as to be environmentally friendly. Therefore, if required I can make provisions for a generator or a gas unit to do the work at Stokes Pit, but would prefer not to.

**A1. Water and power are available, however unsure of the amps.**

---

**All Addenda will become part of the Contract Documents.**
