QUESTIONS AND ANSWERS

Q.1. ...we have noted that the “Submission Date” is posted as “3:00 p.m., Pacific Time on February 15, 2022”....we want to assure that all potential and relevant products, solutions and services are appropriately presented to the client for interest and consideration. As such, we do not believe that the current submission provides respondents with the time required to prepare responses designed to provide the client with the broadest scope of information available for consideration. To that end, we are respectfully requesting due consideration be given to a request to extend the closing date for submissions to 3:00 p.m. March 22, 2022.

A.1. At this time SPS will not be extending the Submission Date and the preferred Submission Date will remain as February 15, 2022.

At the RFEOI stage SPS is looking for Respondent qualifications as outlined in Part 3 – Form of Submission. Should SPS elect to proceed with the Project, shortlisted Respondents will be invited to participate in a subsequent competitive process, where details of the full solution will be expected.
