**QUESTIONS AND ANSWERS:**

**Q.1** The SoQ mentions 76 drawings for the Traffic Management Plan Preparations (1.01) – is that correct?

**A.1** The reference of 76 drawings from the SoQ is an **estimate** based on the potential number of drawings required per location. The estimate is based on past detail requirements from the traffic management department.

The # of locations (16) can be divided by the total number of drawings. There are usually a few drawings per location.
