INFORMATION FOR PROPONENTS

The following information is provided to answer questions raised by Potential Proponents for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Proponent or any sub-Proponent not being familiar with this addendum. This Addendum No. 1 contains one (1) page in total.

QUESTIONS AND ANSWERS:

- Q1. Can you please provide a bit more information related to what your expectations are with respect to the “embedded” role of the consultant? Is this a full-time office placement, once a week, or periodic stationing over the life of the project?
- A1. The Consultant should have sufficient time allocated at the site of the proposed IIMEZ to understand the context of what we are trying to achieve and the type of desirable companies we wish to attract. That being said it shouldn't be any more than once or twice a month for the duration of the project.
- Q2. Is this process open to a vendor from a different province?
- A2. Yes. But you will need to demonstrate the ability to detail how they will provide consulting services taking into consideration of the local Surrey and regional context. The ability to be in Surrey for part of the project would definitely be a plus.
