ADDENDUM #3

REQUEST FOR QUOTATIONS (RFQ) NO.:	**1220-040-2016-021**
TITLE:	**RIPARIAN WATERING SERVICES**
ADDENDUM ISSUE DATE:	**April 4, 2016**
CLOSING DATE:	**prefer to receive Quotations on or before: April 6, 2016**

INFORMATION FOR CONTRACTORS

This Addendum is issued to provide additional information to the RFQ for the above named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractor not being familiar with this Addendum. This Addendum No. 3 contains two (2) pages in total.

1. QUESTIONS AND ANSWERS

Q1: Is removal of vegetation a part of this request?

A1: No, this RFQ is solely for watering of plant material.

Q2: LTM3 - Is there any work to be performed in Area A. If so are there any details.

A2: No, there is no watering in Area A.

Q3: LTM5 - Is there any work to be performed in Areas A & B. The notes say to water new plant stock that is to be planted in the fall of 2016.

A3: The Contractor will be required to water in Area C and the Pond Area, the 2016 planting in Areas A and B will be after the hot weather season.

Q4: LTM7 - Is watering required in Area A.

A4: No watering is required in Area A; however, the additional map in Addendum #2 that is close by to Area A needs to be watered.

Q5: Is the "Zeba" product available locally. The only information I have found is that a company in Oregon which produced it filed for bankruptcy 3 years ago.

A5: There may be other similar products available that the City would consider as an alternate provided they are equal or superior to the product specified. Decisions of equivalency will be at the sole interpretation of the City.

Q6: LTM21 - Notes indicate work is required around intersection. Is this Areas C, D & E or does it include A & B as well.

A6: Areas A – E require watering.

Q7: In Schedule B-2 there is a column for "Additional Fee per Watering Service (One Day)". Would this amount not be the same as column (a)?

A7: This is for the Contractor to determine.

Q8: If it rains I would expect that you would not be paying for the days not performed? Isn't column (b) variable?

A8: The City will not be paying for Services when it rains. Column B is variable, dependent on the weather. The City requires to estimate the annual cost for Riparian Watering Services for budget purposes.

Q9: In Schedule A 2.2.2(b) on page 25 of 37 a "dedicated crew" is referred to this area. Is the intent to water 2x per week or 5x per week?

A9: As there are many different sites in Campbell Heights it would be preferable to have the same staff conduct the watering at this site as clearly defined polygons are not yet available for this location. The City's requires all desired plants be watered consistently. The rate is 2x per week for each of the plants.

END OF ADDENDUM #3

All Addenda will become part of the RFQ Documents.
