- .3 All *Tenders* will remain open for the *Owner* to accept at any time for a period of sixty (60) calendar days after the *Closing Time*.
- .4 If the *Owner* considers that all *Tenders* are priced too high, it may reject them all.
- .5 The *Owner*, prior to awarding of any *Contract*, may negotiate with the *Tenderer* presenting the lowest priced *Tender*, or any *Tenderer*, for changes in the *Work*, the materials, the specifications or any conditions, without having any duty or obligation to advise any other *Tenderers* or to allow them to modify their *Tenders*, and the *Owner* will have no liability to any *Tenderer* as a result of such negotiations or modifications.

- .7 A pre-award meeting may be conducted with the preferred *Contractor* prior to award to confirm project details and expectations of the *Owner*.
- .8 *Tenderers* are solely responsible for their own expenses in preparing and submitting a *Tender*, and for any meetings, negotiations or discussions with the *Owner* or its representatives and consultants, relating to or arising from the *ITT*. The *Owner* may rely on such disclosure.

13.0 Discrepancies In Tenderer's Financial Submission

- .1 If there are any obvious discrepancies, errors or omissions in Appendix 1 Schedule of Quantities and Prices (*Contract Price*)), then the *Owner* shall be entitled to make obvious corrections, but only if, and to the extent, the corrections are apparent from the *Tender* as submitted, and in particular:
- (a) if there is a discrepancy between a unit price and the extended total, then the unit prices shall be deemed to be correct, and corresponding corrections will be made to the extended totals;
 - (b) if a unit price has been given but the corresponding extended total has been omitted, then the extended total will be calculated from the unit price and the estimated quantity;
 - (c) if an extended total has been given but the corresponding unit price has been omitted, then the unit price will be calculated from the extended total and the estimated quantity; and

CONTRACTOR HEALTH & SAFETY EXPECTATIONS

RESPONSIBILITY OF CONTRACTOR(S)

The City of Surrey strives to maintain a safe work environment for employees and contractors and insists upon the enforcement of safe practices and procedures in all premises and in all work activities. It is essential that all contractors and their employees and sub-contractor(s) perform in the same manner. It is every employers and contractors responsibility to ensure that staff and public are protected from workplace hazards.

As a contractor to the City of Surrey, you are expected to conform to the requirements of the Workers' Compensation Act, the WCB Occupational Health and Safety Regulation and to all federal, provincial and local laws and regulations. The City of Surrey Building Owner, Project Manager, and the Manager, Occupational Health & Safety or designate have the authority to order an unsafe act to cease or to have an unsafe piece of equipment removed from the premises or, in extreme situations, to shut down a job entirely. Any City of Surrey Employee that observes a safety infraction by a contractor performing work for the City of Surrey should bring it to the attention of a manager immediately or Occupational Health & Safety (604-591-4131).

If an activity requires that a disturbance is likely, the contractor shall whenever possible only do that work outside normal business hours.

All activities that create a hazard (i.e. work from a ladder, removal of a floor tile, emission of VOC's, etc.) to persons outside the contractor's supervision shall have warning devices, delineation or barriers, sealed spaces, etc. as would normally be required to protect any person from that hazard.
