QUESTIONS AND ANSWERS:

Q1. The sub-consultant team does not include building envelope, could you please confirm that one is not needed.

A1. We would not expect a separate building envelope consultant. We expect that the Architect will be delivering a product that meets or exceeds current building practice. It would be expected that a structural Engineer will be included in the Architect sub-consultants. The structural engineer would cover off the building envelope concerns and requirements.

Q2. For the current RFEOI-SOQ for the Newton Athletic Park, is the City of Surrey looking for the qualifications from architects only at this time, or would you like us to include full engineering and specialty consultant qualifications as well?

A2. The City will be focusing on the qualifications of the Architect.

- END OF ADDENDUM -

All Addenda will become part of the RFEI-SOQ Documents.
