A person that submits an Application (the “Applicant”) should prepare an Application that meets the minimum requirements, and may as it may choose, in addition, also include goods, services or terms that exceed the minimum requirements.

2. NATURE OF A STANDING OFFER AGREEMENT

It is understood and agreed by the Applicant that should an Application be selected by the City, it will result in a standing offer agreement (“Standing Offer”) only and the Goods and Services will be ordered by the City solely on an “as and when required” basis. The aggregate value of the Goods and Services which may be ordered is conditional upon the needs of the City. No compensation will be accrued, owed or paid to any Applicant in the event that the Goods and Services are not ordered. If a Standing Offer is executed by the City, at the sole option of the City, the City may place an order (the “Order”) for Goods and Services specified in the Order and the Applicant agrees to provide those Goods and Services. The parties agree that the City may not place any orders for Goods and Services with the Applicant for the duration of the term of the Standing Offer. The parties agree that the City may purchase identical or similar Goods and Services from any other source.

3. ADDRESS FOR DELIVERY

The Application should be labelled with the Applicant’s name, RFA-SOA title and number. An Application should be submitted in the form attached to this RFA-SOA as Schedule B.

The Applicant should submit the Application electronically in a single pdf file and must be delivered to the City by email at: purchasing@surrey.ca

The City will confirm receipt of emails. Note that the maximum file size the City can receive is 10Mb. If sending large email attachments, Applicants should phone to confirm receipt. 6. ADDENDA

If the City determines that an amendment is required to this RFA-SOA, the City Representative will issue a written addendum by posting it on the BC Bid website at www.bcbid.gov.bc.ca (the "BC Bid Website") and the City website at www.surrey.ca (the "City Website") that will form part of this RFA-SOA. It is the responsibility of Applicants to check the BC Bid Website and the City Website for addenda. The only way this RFA-SOA may be added to, or amended in any way, is by a formal written addendum. No other communication, whether written or oral, from any person will affect or modify the terms of this RFA-SOA or may be relied upon by any Applicant. By delivery of an Application, Applicant is deemed to have received, accepted and understood the entire RFA-SOA including, any and all addenda.

It is not a tender and no obligations of any kind will arise from this RFA-SOA or the submission of Applications. The City may negotiate changes to any terms of an Application, including terms in Attachment 1 – Agreement, Schedule A – Specifications of Goods and Scope of Services to Attachment 1 - Agreement and Schedule B – Application for a Standing Offer Agreement to Attachment 1 – Agreement of the RFA-SOA including prices, and may negotiate with one or more Applicants or may at any time invite or permit the submission of Applications (including prices and terms) from other parties who have not submitted an Application.

8. ACCEPTANCE

An Application will be an offer to the City which, subject to Section 7, the City may accept at any time by signing the copy of the Application and delivering it to the Applicant. An Application is not accepted by the City unless and until both the Authorized Signatory and the purchasing representative have signed on behalf of the City. Delivery of the signed Application by the City may be by fax or email. In that event, the resulting Standing Offer will be comprised of the documents included in the definition of Agreement in Attachment 1 - Agreement.

9. APPLICANT'S REPRESENTATIONS

By submitting an Application, an Applicant represents that it has the expertise, qualifications, resources, and relevant experience to supply and deliver the Goods and Services and to perform the warranty obligations as described in the Attachment 1 – Agreement.

10. APPLICANT'S EXPENSES

Applicants are solely responsible for their own expenses in preparing and submitting an Application, and for any meetings, negotiations or discussions with the City or its representatives and consultants, relating to or arising from the Request. The City will not be liable to any Applicant for any claims, whether for costs, expenses, losses or damages, or loss of anticipated profits, incurred by the Applicant in preparing and submitting an Application, or participating in negotiations, or other activities relating to or arising out of this Request.

NATURE OF AGREEMENT

3. It is understood and agreed by the Contractor that should an Application be selected by the City, it will result in a standing offer agreement (“Standing Offer”) only and the Goods and Services will be ordered by the City solely on an “as and when required” basis. The aggregate value of the Goods and Services which may be ordered is conditional upon the needs of the City. No compensation will be accrued, owed or paid to any Contractor in the event that the Goods and Services are not ordered. If a Standing Offer is executed by the City, at the sole option of the City, the City may place an order (the “Order”) for Goods and Services specified in the Order and the Contractor agrees to provide those Goods and Services. The parties agree that the City may not place any orders for Goods and Services with the Contractor for the duration of the term of the Standing Offer. The parties agree that the City may purchase identical or similar Goods and Services from any other source.

SERVICES

4. The Contractor covenants and agrees that it will, if ordered by the City, perform the Services in accordance with this Agreement. The Goods and Services provided will meet the specifications set out in the Order, Schedule A, to Attachment 1, of the Request and as described in the Application.
5. The City may from time to time, by written notice to the Contractor make changes in the scope of Services. The Fees will be increased or decreased by written agreement of the City and the Contractor according to the rates set out in the Application.
6. The Contractor will, if required in writing by the City, provide additional goods or services as may be listed in the Application. The terms of this Agreement will apply to any additional goods or services, and the fees for additional goods or services will generally correspond to the fees as described in the Application. The Contractor will not provide any additional goods or services in excess of the Goods and Services ordered in writing by the City.

7. The Contractor will perform the Services with that degree of care, skill and diligence normally provided by a qualified and experienced practitioner performing services similar to the Services, and on the understanding that the City is relying on the Contractor's experience and expertise. The Contractor represents that it has the expertise, qualifications, resources, and relevant experience to supply the Goods and Services.

TERM

8. This term of this Agreement will commence on [START DATE] and terminate [END DATE] (the "Term").
9. The City may at any time prior to thirty (30) days before the end of the Term, by written notice to the Contractor, extend the Term for a period of time not to exceed four (4) additional one (1) year periods. If the City elects to extend the Term, the provisions of this Agreement will remain in force, including the Fees, except where amended in writing by the parties.

TIME

10. Time is of the essence.

FEES

11. The City will pay the Fees to the Contractor for the ordered Goods and Services in accordance with this Agreement. Payment by the City of the Fees will be full payment for the Goods and Services and the Contractor will not be entitled to receive any additional payment from the City.
12. For greater certainty, costs of general management, non-technical supporting services and general overhead are deemed to be covered by the Fees and will not be subject to additional payment by the City. The Fees shall also include without limitation all costs of boxing, packing, crating, and loading and unloading the Goods at the prescribed destination.
13. Hourly rates begin at the arrival on the jobsite. One mobilization/demobilization for the project will be allowed unless otherwise stated in writing by the City's site representative. Fees are only applicable from the starting time or when the equipment arrives, if later than the starting time, until the equipment is dismissed.
14. The hourly rate shall be for both equipment and operator and shall remain in effect for the Term. Do not give separate winter and summer rates; give only one rate. There shall be no additions to the submitted hourly rates with respect to overtime, work done on statutory holidays or weekends. The rate of pay submitted shall include all costs, including but not limited to fuel, equipment, labour, call out time, maintenance. The City will NOT consider any submission that includes a minimum callout charge for equipment.
15. Transport Costs

A transport cost allowance is understood to be included in the rental rate. Where mobilization cost becomes a concern because equipment is required to be moved between City projects, transport costs may be reimbursable if negotiated and confirmed in writing by the City prior to hire. Transport costs, if applicable, may be a contributing factor to a selection.

16. If the Contractor arrives on site at the prearranged call out time and must wait for the City crews, equipment or instruction, that is to be deemed "standby" time. Standby time will be paid at regular hourly rates.
17. If there are two (2) or more sites combined during a course of a day or week, a single move charge (including but not limited to fuel, operator, equipment, etc.) will be paid for equipment that can be driven (i.e., backhoe, grader, etc.) from site to site. Move charges will be allowed for specialized equipment that requires low-bed or special trailers to transport the equipment (i.e., excavator, dozer, etc.) from site to site.
18. The City will not be held financially responsible for downtime or equipment break down. If the hired equipment breaks down or the operator leaves, the City may elect to call out another piece of equipment at its discretion. Downtime or equipment breakdown will be a cost solely borne by the Preferred Applicant or Preferred Applicants. The City will not pay hourly rates for equipment being serviced or maintained on site. All service and maintenance will be performed at the Applicant's facilities and at their cost. The City's work site will not be used to maintain, store or stage equipment.

PAYMENT

19. Subject to any contrary provisions set out in Schedule B to Attachment 1, the Contractor will submit invoice to the City requesting payment of the portion of the Fees relating to the Goods and Services provided. Invoices must include the Contractor's name, address and telephone number, the City's purchase order number **P.O. # _____**, the Contractor's invoice number, the names, charge-out rates and number of hours worked of all employees of the Contractor that have performed Services; the percentage of Services completed and Goods delivered; the total budget for the Goods and Services and the amount of the budget expended to the date of the invoice; taxes (if any); and grand total of the invoice.
20. If the City reasonably determines that any portion of an invoice is not payable, then the City will so advise the Contractor.
21. The City will pay the portion of an invoice which the City determines is payable within 30 days of the receipt of the Invoice, except the City may hold back from payments 10% of the amount the City determines is payable to the Contractor until such time as the Contractor provides its final report to the City.
22. If the Contractor offers the City a cash discount for early payment, then the City may, at the City's sole discretion, pay the portion of an Invoice which the City determines is payable at any time after receipt of the Invoice.

23. In an effort to support sustainability, reduce risk and improve customer service, the City has introduced an electronic fund transfer (EFT) option for Contractors. Electing to participate in this program will allow Contractors to receive their payments directly into their bank accounts, reducing risk of fraud and improving the timeliness of their payment receipt.
24. To receive your payments electronically, fax your request on company letterhead to 604-591-4488. You may contact us at 604-592-7010 (Accounts Payable General Inquiries) for more information.

25. Unless otherwise provided, all dollar amounts referred to in this Agreement are in lawful money of Canada.

 - (a) 15% of each payment due to the Contractor; or
 - (b) the amount required under applicable tax legislation.

USE OF WORK PRODUCT

27. The Contractor hereby sells, assigns and transfers to the City the right, title and interest required for the City to use and receive the benefit of all the reports, drawings, plans, designs, models, specifications, computer software, concepts, products, designs or processes or other such work product produced by or resulting from the Services rendered by the Contractor. This section does not give the City the right to sell any such work product to any third party and the City may sell the work product only with the prior approval of the Contractor. The Contractor may retain copies of the work product.

LIMITED AUTHORITY

28. The Contractor is not and this Agreement does not render the Contractor an agent or employee of the City, and without limiting the above, the Contractor does not have authority to enter into any contract or reach any agreement on behalf of the City, except for the limited purposes as may be expressly set out in this Agreement, or as necessary in order to provide the Goods and Services. The Contractor will make such lack of authority clear to all persons with whom the Contractor deals in the course of providing the Goods and Services. Every vehicle used by the Contractor in the course of providing the Goods and Services shall identify the Contractor by name and telephone number.
29. The Contractor is an independent contractor. This Agreement does not create the relationship of employer and employee, a partnership, or a joint venture. The City will not control or direct the details, means or process by which the Contractor performs the Goods and Services. The Contractor will determine the number of days and hours of work required to properly and completely perform the Goods and Services. The Contractor is primarily responsible for performance of the Goods and Services and may not delegate or assign any Goods and Services to any other person except as provided for in the Order. The Contractor will be solely liable for the wages, fringe benefits, work schedules and work conditions of any partners, employees or sub-contractors.
30. The Contractor will preserve and protect the rights of the City with respect to any Goods provided and Services performed under sub-contract and incorporate the General Terms and Conditions of this Agreement into all sub-contracts as necessary to preserve the rights of the City under this Agreement. The Contractor will be as fully responsible to the City for acts and omissions of sub-contractors and of persons directly or indirectly employed by them as for acts and omissions of persons directly employed by the Contractor.

CONFIDENTIALITY AND DISCLOSURE OF INFORMATION

31. Except as provided for by law or otherwise by this Agreement, the Contractor will keep strictly confidential any information supplied to, obtained by, or which comes to the knowledge of the Contractor as a result of the performance of the Services and this Agreement, and will not, without the prior express written consent of the City, publish, release, disclose or permit to be disclosed any such information to any person or corporation, either before, during or after termination of this Agreement, except as reasonably required to complete the Services.
32. The Contractor acknowledges that the City is subject to the *Freedom of Information and Protection of Privacy Act* of British Columbia and agrees to any disclosure of information by the City required by law.
33. The Contractor agrees to return to the City all of the City's property at the completion of this Agreement, including any and all copies or originals of reports provided by the City.

WARRANTIES

34. The Contractor warrants that the Goods shall be free from defects in design, materials, workmanship and title, shall conform in all respects to the terms of this Agreement, shall be fit and suitable and perform satisfactorily for the purposes and under the conditions made known to the Contractor by the City or which were reasonably inferable. The Goods shall be at least equal to the higher of national standards or codes (such as, by way of illustration, CSA or ASTM), or standards and codes customarily applicable at the place where the City will use the Goods. The Goods shall be of the best quality, if no quality is specified. This general warranty is independent of and without prejudice to any specific warranty or service guarantee offered by the Contractor or third party manufacturer or supplier of the Goods in connection with the purpose for which the Goods were purchased. The Contractor shall assign to the City any warranty or service guarantee offered by a third party manufacturer or supplier of the Goods. Notwithstanding this assignment, if at any time up to one year from the date of delivery or installation (if applicable) the City determines the Goods or any part do not conform to these warranties, the City shall notify the Contractor within a reasonable time after such discovery, and the Contractor shall then promptly correct such nonconformity at the Contractor's expense. Goods used to correct a nonconformity shall be similarly warranted for one year from the date of installation. The Contractor's liability shall extend to all liabilities, losses, damages, claims and expenses incurred by the City caused by any breach of any of the above warranties.
35. The Contractor warrants and guarantees that Goods delivered under this Agreement do not infringe any valid patent, copyright or trademark, foreign or domestic, owned or controlled by any other corporation, firm or person, and agrees to indemnify and save harmless the City and all of its elected and appointed officials, officers, employees, servants, representatives and agents (collectively the "Indemnitees"), from and against any and all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) by reason of any claim, action or litigation arising out of any alleged or actual infringement of any patent, copyright or trademark, foreign or domestic, relating to the Goods supplied under this Agreement.

INSURANCE AND DAMAGES

36. The Contractor will indemnify and save harmless the Indemnitees from and against all claims, demands, causes of action, suits, losses, damages and costs, liabilities, expenses and judgments (including all actual legal costs) for damage to or destruction or loss of property, including loss of use, and injury to or death of any person or persons which any of the Indemnitees incur, suffer or are put to arising out of or in connection with any failure, breach or non-performance by the Contractor of any obligation of this Agreement, or any wrongful or negligent act or omission of the Contractor or any employee or agent of the Contractor.
37. The indemnities described in this Agreement will survive the termination or completion of this Agreement and, notwithstanding such termination or completion, will continue in full force and effect for the benefit of the Indemnitees.

38. The Contractor will, without limiting its obligations or liabilities and at its own expense, provide and maintain throughout this Agreement the following insurances in forms and amounts acceptable to the City from insurers licensed to conduct business in Canada:
- (a) commercial general liability insurance on an occurrence basis, in an amount not less than five million (\$5,000,000) dollars inclusive per occurrence against death, bodily injury and property damage arising directly or indirectly out of the work or operations of the Contractor, its employees and agents. The insurance will include cross liability and severability of interests such that the coverage shall apply in the same manner and to the same extent as though a separate policy had been issued to each insured. The insurance will include, but not be limited to: premises and operators liability, broad form products and completed operations, owners and Contractor protective liability, blanket contractual, employees as additional insureds, broad form property damage, non-owned automobile, contingent employers liability, broad form loss of use, personal injury, and incidental medical malpractice. The City will be added as additional insured;
 - (b) automobile liability insurance on all vehicles owned, operated or licensed in the name of the Contractor in an amount not less than ten million (\$10,000,000) dollars per occurrence for bodily injury, death and damage to property; and
 - (c) Contractor's equipment insurance in an all risks form covering construction machinery and equipment used for the performance of the Services.
39. The Contractor will provide the City with evidence of the required insurance prior to the commencement of this Agreement. Such evidence will be in the form of a completed certificate of insurance acceptable to the City. The Contractor will, on request from the City, provide certified copies of all of the Contractor's insurance policies providing coverage relating to the Services, including without limitation any professional liability insurance policies. All required insurance will be endorsed to provide the City with thirty (30) days advance written notice of cancellation or material change restricting coverage. To the extent the City has an insurable interest, the builder's risk policy will have the City as first loss payee. The Contractor will be responsible for deductible amounts under the insurance policies. All of the Contractor's insurance policies will be primary and not require the sharing of any loss by the City or any insurer of the City.
40. The Contractor acknowledges that any requirements of the City as to the amount of coverage under any policy of insurance will not constitute a representation by the City that the amount required is adequate and the Contractor acknowledges and agrees that the Contractor is solely responsible for obtaining and maintaining policies of insurance in adequate amounts. The insurance policy coverage limits shall not be construed as relieving the Contractor from responsibility for any amounts which may exceed these limits, for which the Contractor may be legally liable.
41. The Contractor shall place and maintain, or cause any of its subcontractors to place and maintain, such other insurance or amendments to the foregoing policies as the City may reasonably direct.
42. The Contractor hereby waives all rights of recourse against the City for loss or damage to the Contractor's property.

CITY RESPONSIBILITIES

43. The City will, in co-operation with the Contractor, make efforts to make available to the Contractor information, surveys, and reports which the City has in its files and records that relate to the Goods and Services. The Contractor will review any such material upon which the Contractor intends to rely and take reasonable steps to determine if that information is complete or accurate. The Contractor will assume all risks that the information is complete and accurate and the Contractor will advise the City in writing if in the Contractor's judgment the information is deficient or unreliable and undertake such new surveys and investigations as are necessary.
44. The City will in a timely manner make all decisions required under this Agreement, examine documents submitted by the Contractor and respond to all requests for approval made by the Contractor pursuant to this Agreement.
45. If the City observes or otherwise becomes aware of any fault or defect in the Goods or Services, it may notify the Contractor, but nothing in this Agreement will be interpreted as giving the City the obligation to inspect the Goods or review the Contractor's performance of the Services.

DEFICIENCIES

46. The City shall have a reasonable time to inspect and to accept the Goods. The City may reject any Goods not in accordance with this Agreement, whether due to damage resulting from improper packing, loading, unloading or otherwise. The City shall notify the Contractor of rejection of the Goods whereupon the Goods will be held subject to the disposition by the Contractor. Any costs or expenses incurred by the City as a result of the rejection of the Goods are, immediately upon written demand by the City, payable by the Contractor, and may be set off against any payments owing by the City to the Contractor.
47. The City may hold back from payments otherwise due to the Contractor up to 150% of a reasonable estimate, as determined by the City, on account of deficient or defective materials. This holdback may be held, without interest, until replacement Goods are received or such deficiency or defect is remedied.

DEFAULT AND TERMINATION

48. In the event the Contractor does not ship the Goods by the shipping date specified in this Agreement, or does not deliver the Goods by the delivery date specified in this Agreement, then:
 - (a) the City reserves the right to terminate this Agreement, in whole or in part, and in the event of such termination no payment will be owing by the City on account of this Agreement and the Contractor will be liable for any and all expenses or loss resulting from such failure or delay and will return all monies paid by the City; or
 - (b) if the City does not terminate this Agreement for late shipping or delivery, the City may deduct and setoff from any payments owing to the Contractor all additional costs the City reasonably incurs on account of the late shipping or delivery.

49. The City may by written notice at any time cancel this Agreement with respect to Goods which, as of the date of cancellation, have not been shipped.
50. The City may at any time and for any reason by written notice to the Contractor terminate this Agreement before the completion of all Services, such notice to be determined by the City at its sole discretion. Upon receipt of such notice, the Contractor will perform no further Services other than the work which is reasonably required to terminate the Services and return the City's property to the City. Despite any other provision of this Agreement, if the City terminates this Agreement before the completion of all the Services, the City will pay to the Contractor all amounts owing under this Agreement for Services provided by the Contractor up to and including the date of termination, plus reasonable termination costs in the amount as determined by the City in its sole discretion. Upon payment of such amounts no other or additional payment will be owed by the City to the Contractor, and, for certainty, no amount will be owing on account of lost profits relating to the portion of the Services not performed or other profit opportunities.
51. The City may terminate this Agreement for cause as follows:
 - (a) If the Contractor is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of its insolvency, or if a receiver is appointed because of its insolvency, the City may, without prejudice to any other right or remedy the City may have, terminate this Agreement by giving the Contractor or receiver or trustee in bankruptcy written notice; or
 - (b) If the Contractor is in breach of any term or condition of this Agreement, and such breach is not remedied to the reasonable satisfaction of the City within 5 days after delivery of written notice from the City to the Contractor, then the City may, without prejudice to any other right or remedy the City may have, terminate this Agreement by giving the Contractor further written notice.
52. If the City terminates this Agreement as provided by this Section, then the City may:
 - (c) enter into contracts, as it in its sole discretion sees fit, with other persons to complete the Services;
 - (d) withhold payment of any amount owing to the Contractor under this Agreement for the performance of the Services;
 - (e) set-off the total cost of completing the Services incurred by the City against any amounts owing to the Contractor under this Agreement, and at the completion of the Services pay to the Contractor any balance remaining; and
 - (f) if the total cost to complete the Services exceeds the amount owing to the Contractor, charge the Contractor the balance, which amount the Contractor will forthwith pay.

CURING DEFAULTS

53. SCHEDULE A-3 – CONTRACTOR HEALTH & SAFETY EXPECTATIONS

RESPONSIBILITY OF CONTRACTOR(S)

The City of Surrey strives to maintain a safe work environment for employees and contractors and insists upon the enforcement of safe practices and procedures in all premises and in all work activities. It is essential that all contractors and their employees and sub-contractor(s) perform in the same manner. It is every employers and contractors responsibility to ensure that staff and public are protected from workplace hazards.

As a contractor to the City of Surrey, you are expected to conform to the requirements of the Workers' Compensation Act, the WCB Occupational Health and Safety Regulation and to all federal, provincial and local laws and regulations. The City of Surrey Building Owner, Project Manager, and the Manager, Occupational Health & Safety or designate have the authority to order an unsafe act to cease or to have an unsafe piece of equipment removed from the premises or, in extreme situations, to shut down a job entirely. Any City of Surrey Employee that observes a safety infraction by a contractor performing work for the City of Surrey should bring it to the attention of a manager immediately or Occupational Health & Safety (604-591-4131).

The following information is provided as typical City of Surrey requirements, but does not relieve the contractor from complying with all applicable local, provincial and federal laws, regulations and bylaws.

PERSONNEL

1. You are expected to inform your employees of any potential hazard in the workplace and advise of appropriate action to be taken should a hazard be found or a fire or accident occur.
2. Contractors will restrict persons invited on the premises to employees only. No families or friends are permitted.
3. The contractor will advise the City of any on-site accidents involving the contractor's employees, or injuries to others caused by the contractor's business.

SAFETY MANAGEMENT SYSTEM

1. Contractors will ensure their employees utilize proper safety equipment and clothing as required for job site activities.
2. Contractors must follow and have on site proper written safe work procedures for hazardous work, e.g. Fall protection, confined space entry, hotwork, lockout, excavations and shoring, traffic management, etc.
3. Contractor must Identify workplace risk and implement suitable controls.
4. Contractor must provide safety training and education to staff and have training records available for review.

No work by contractors shall occur in any area without prior consent of the City of Surrey Manager, Civic Facilities or his designated representative. Work during normal business hours of the City shall not create undue noise, smells or otherwise unduly disturb the work of City of Surrey staff or the public. If an activity requires that a disturbance is likely, the contractor shall whenever possible only do that work outside normal business hours.

All activities that create a hazard (i.e., work from a ladder, removal of a floor tile, emission of VOC's, etc.) to persons outside the contractor's supervision shall have warning devices, delineation or barriers, sealed spaces, etc. as would normally be required to protect any person from that hazard.

SAFETY ATTITUDE

Your safety record and attitude are important criteria used to judge your qualification for future bidding on solicitations with the City of Surrey.

You can help ensure employee safety and your eligibility for future business with the City if you exhibit and practice a "Safe Work - Safe City" attitude.

The City of Surrey is concerned about the health, safety and wellbeing of all employees and contractors. It is essential we maintain a healthy, safe and productive work environment.

All Employees & Contractors:

It is everyone responsibility to:

- ❖ know and comply with WCB regulations and
- ❖ follow established safe work procedures
- ❖ immediately report any work related injury to his/her supervisor; and to the city representative
- ❖ not remain on the work site while his/her ability to work is in any way impaired
- ❖ report unsafe acts and conditions to their supervisor
- ❖ correct unsafe conditions immediately whenever it is possible to do so
- ❖ take reasonable care to protect your health & safety and the health and safety of other persons who may be affected by your act's or omissions at work

A common sense approach usually resolves the issue.

An employee must refuse to work if continuing to do so would endanger the health and safety of the employee, fellow employees or others. The worker must immediately report the circumstances of the unsafe condition to his or her supervisor or manager. If the unsafe condition is not remedied or the issue is not resolved the Manager, Occupational Health & Safety must be contacted.

1. It is understood and agreed by the Applicant that should an Application be selected by the City, it will result in a standing offer agreement (“Standing Offer”) only and the Goods and Services will be ordered by the City solely on an “as and when required” basis. The aggregate value of the Goods and Services which may be ordered is conditional upon the needs of the City. No compensation will be accrued, owed or paid to any Applicant in the event that the Goods and Services are not ordered. If a Standing Offer is executed by the City, at the sole option of the City, the City may place an order (the “Order”) for Goods and Services specified in the Order and the Applicant agrees to provide those Goods and Services. The parties agree that the City may not place any orders for Goods and Services with the Applicant for the duration of the term of the Standing Offer. The parties agree that the City may purchase identical or similar Goods and Services from any other source.
2. If this offer is accepted by the City, such offer and acceptance will create a Standing Offer as described in:

- (a) the Request;
 - (b) the specifications of Goods and scope of Services set out above and in Schedule A, to Attachment 1, of the Request;
 - (c) the Standing Offer Agreement;
 - (d) this Application;
 - (e) an Order (if any); and
 - (f) other terms, if any, that are agreed to by the parties in writing.
3. Capitalized terms used and not defined in this Application will have the meanings given to them in the Standing Offer. Except as specifically modified by this Application, all terms, conditions, representations, warranties and covenants as set out in the Standing Offer will remain in full force and effect.
4. The Applicant offers to supply to the City of Surrey the Goods and Services for the prices plus applicable taxes as follows:

The Contractor shall indicate the hourly rates for the item of equipment to be registered, and indicate any additional rate required for any attachments listed. Only one rate will be accepted for the term of registration. Extra rental charges for small tools/equipment that can reasonably be expected to be provided by the contractor (such as plate tampers and blowers) will not be accepted unless agreed on beforehand. The Contractor shall inform the City beforehand of any extra costs they anticipate for the use of such tools/equipment.

The hourly rate shall be for both the equipment and operator and shall remain in effect during the Term. The Contractor shall not provide separate winter and summer rates; provide only one rate.

Rates will be paid on an hourly basis, in singular hour increments, and applicable only from the starting time. If the Contractor arrives on-site at the prearranged call out time and must wait for City crews, equipment or instruction, that shall be deemed "standby" time and will be paid at the regular hourly rate. The Contractor will not be compensated for rest breaks or meal breaks except where approved by the City.

Rates shall include all costs of any nature whatsoever associated with the supply and operation of the equipment and trucks, including but not limited to:

- a) qualified operator(s);
- b) fuel, oil, lubrication and all maintenance;
- c) any and all travel time to and from the work site (mobilization and demobilisation) shall be included in the hourly rates with the exception of some larger trailered equipment. For periods where mobilization and demobilization costs become a concern where equipment must be moved between City projects, transportation costs may be negotiated and confirmed in writing by the City. Mobilization and Demobilization costs, if applicable, may be a contributing factor to a Contractor selection; and
- d) all insurance and all other costs.

The rates contained herein are for use on various types of work. The Contractor offers to supply to the City of Surrey the Goods and Services for the prices plus applicable taxes as follows:
