QUESTIONS AND ANSWERS:

Q1. We supply the pumps and don't do the installation, which is done by professional contractors. Is there a list of approved Contractors that we should approach to take care of your installation needs?

A1. The City understands that some Contractors may not provide installation services. If that's the case, they can just submit supply fees in their Submission. The City does not have a list of approved Contractors.

All Addenda will become part of the Contract Documents.
