The delegation provided a PowerPoint presentation overview on the SurreyCares Community Foundation and its involvement in the community. The following information was highlighted:

- SurreyCares Community Foundation was established in 1994 from a \$200,000 endowment from Francisca and Edwin Darts. In 2018, SurreyCares managed \$7.3 million between 23 funds and distributed \$243,396.06 to the community. SurreyCares vision is to inspire donors, grow endowments and invest in people.
- SurreyCares has produced four Vital Signs Reports regarding community, youth, newcomers and First Peoples. Vital Signs Reports promote awareness of community issues and can be used by communities for social planning, by citizens and philanthropist to identify community needs and strengths and by community foundations to inform grant-making and leadership activities.
- Compared to communities of similar sizes, Surrey has a low rate of funds invested to a community foundation per capita. Successful community foundations generally have a strong relationship with the City they operate within. There are many ways that the relationship between the City and SurreyCares could be strengthened, such as having a Council liaison serve on the SurreyCares Board and facilitating forums for Surrey non-profit organizations.
