NCP Amendment/Rezoning/Development Permit/Development Variance Permit
*NCP Amendment and rezoning from A-1 to CD and RF-12 to allow subdivision
 into approximately 35 small single family lots and 37 townhouse units; DP to
 allow development of 37 townhouse units. DVP to vary road width.*

The General Manager of Planning & Development submitted a report concerning an application to amend the Neighbourhood Concept Plan, a rezoning application, and applications for a Development Permit and a Development Variance Permit on property located at 7075 - 180 Street.

Gerry Kent, Interfor, was in attendance and commented that the organic material on site is approximately 1 metre deeper than the lower elevation of the townhouses. He continued that the main floor of the townhouses would be approximately 18 inches to 2 feet above the natural grade and the townhouses would be depressed into the natural grade by approximately 1 metre. He added that the site does slope significantly from one corner to another and in some areas, the deck from the main floor to the back of unit would require some fill to access the main floor so the lower floor would not be completely depressed into the natural grade for some units. He stated that the northern property line is shared with another townhouse site and he is trying to obtain a letter of approval from that owner to coordinate that grade, which would be about 1 metre above the existing grade between the two developments.

He added that the main floor of the townhouses is above existing grade; the parking area goes up a floor, and in some cases, the deck off the kitchen is at level grade or raised. He noted that the indoor amenity space for the townhouses would be eliminated and a greenway area provided for residents and the public. He continued that lighting and appropriate fencing would be considered for increased security purposes and noted that the site would be divided between townhouses and apartments. He noted that the stand-alone amenity building for the apartment building would be approximately 1,000 sq.ft. and added that the minimum number of parking stalls for apartment zoning would be met.

The applicant is proposing:

- an NCP amendment from Townhouse Cluster (10 - 12 upa) to Townhouse (15 upa) and from Single Family Residential to Small Lots;
- a rezoning from A-1 to CD and RF-12;
- a Development Permit; and
- a Development Variance Permit to vary the following Subdivision and Development By-law regulation:
 - to reduce the road width for a Limited Local road for the RM-15 Zone from 20 metres (66 ft.) to 13.55 metres (44 ft.)

in order to allow development of 37 townhouse units (CD Zone) and approximately 35 small single family lots (RF-12 Zone).

The General Manager of Planning & Development was recommending that the application be approved, subject to the conditions outlined in the report.

It was

Moved by Councillor Hunt
Seconded by Councillor Steele
That:

1. a By-law be introduced to rezone a portion of the property from "General Agriculture Zone (A-1)" (By-law No. 12000) to "Comprehensive Development Zone (CD)" (By-law No. 12000) (Block A on attached Survey Plan) and a date be set for Public Hearing (Appendix I).
2. a By-law be introduced to rezone a portion of the property from "General Agriculture Zone (A-1)" (By-law No. 12000) to "Single Family Residential (12) Zone (RF-12)" (By-law No. 12000) (Block B on attached Survey Plan) and a date be set for Public Hearing (Appendix I).
3. Council approve the applicant's request to eliminate the required indoor amenity space.
4. Council authorize staff to draft Development Permit No. 7904-0364-00 generally in accordance with the attached drawings (Appendix III).
5. Council approve Development Variance Permit No. 7904-0364-00 (Appendix XIII) varying the following to proceed to Public Notification:
 - (a) to reduce the road dedication width for a Limited Local road for the RM-15 Zone in the Subdivision and Development By-law from 20 metres (66 ft.) to 13.55 metres (44 ft.).
6. Council instruct staff to resolve the following issues prior to final adoption:
 - (a) ensure that all engineering requirements and issues including restrictive covenants, and rights-of-way where necessary, are addressed to the satisfaction of the General Manager, Engineering;
 - (b) submission of a subdivision layout to the satisfaction of the Approving Officer;
 - (c) submission of a finalized tree survey and a statement regarding tree preservation to the satisfaction of the City Landscape Architect;
 - (d) submission of a landscaping cost estimate to the specifications and satisfaction of the City Landscape Architect;
 - (e) the applicant adequately address the impact of no indoor amenity space;

- (f) approval from the Ministry of Transportation;
 - (g) registration of a statutory right-of-way to permit public access to the outdoor amenity area located at the south-east corner of the site; and
 - (h) approval of Development Variance Permit No. 7904-0364-00.
7. Council pass a resolution to amend the North Cloverdale West Neighbourhood Concept Plan to redesignate portions of the land from:
- (a) Single Family Residential to Small Lots (Block B); and
 - (b) Townhouse Cluster (10 - 12 upa) to Townhouse (15 upa) (Block A)

when the project is considered for final adoption.
