Approved by Council: November 12, 2013

Note: Change in Owner

Planning and Development advise (see memorandum dated January 28, 2015 in back-up) that in response to comments received from neighbourhood residents regarding the proposal, Council requested that the applicant review the interface between the subject site and the residential developments to the east and north. In response, the landscaping was reviewed and it was determined that the 3 metre (10 ft.) wide landscaped area along 31 Avenue is sufficient in order to provide a sensitive interface with the townhouses across the street. In addition, the applicant is required, via a P-15 agreement, to provide additional riparian planting within the riparian area at the southeast corner of the site which will be conveyed to the City. The plantings within this area will enhance the riparian habitat value and provide a natural buffer between the subject site and the residential site to the east.

In addition, Planning and Development advise that it is in order for Council to pass a resolution amending the Rosemary Heights Business Park Neighbourhood Concept Plan to redesignate the site from the portion of land north of 31 Avenue, as shown on Appendix VI in the November 12, 2013 Planning report, from "Storm Water Detention Pond" and "Buffers" to "Business Park".
