 back to staff to remove the height restriction in the Building Scheme and
 Restrictive Covenant to allow for the proposed single family dwelling.

RES.R15-303

Carried

Mayor Hepner called for the Applicant to speak to the Application. The following comments were made:

- The Applicant noted they purchased their home on September 2014 and did not realize there was a height restriction placed on the property by way of restrictive covenant. The delegation clarified that the height restriction was only placed on their property and not on the adjacent lot and they applied to have it amended or removed.
- There is one neighbor opposed to their application; however, there would be minimal impact associated with approval. The delegation clarified that the only impact is on daylight windows, the backyard will remain unchanged. The property owner who opposes the application overlooks 7 other properties and the Applicants is not part of that viewscape.
- In 2001 the property was subdivided and there was a height restriction placed on it for 20 years in order to protect the character of the neighbourhood. There have been over 20 developments all built to RF.
- Council asked for confirmation when the restrictive covenant would expire, in response the delegation noted 2021. Staff clarified that the restrictive covenant was the direction from Council at that time. The subject home is 48 years old and does not fit with neighbourhood context.
- The delegation confirmed that the proposed height of their home will not be any different than the other homes in the same area.
- In response to a question from Council, the City Clerk confirmed there is no public process needed to remove the restrictive covenant.

 NCP Amendment from 10-15 upa Medium Density to 20-30 upa Medium-High Density / Rezoning from RA to RM-30 / Development Permit / Development Variance Permit
in order to permit the development of a 36 unit townhouse development

The General Manager, Planning & Development was recommending approval of the recommendations outlined in his report.

It was Moved by Councillor Hayne
 Seconded by Councillor LeFranc
 That Application No. 7914-0037-00 be referred back to staff to work with the Applicant to conduct additional Public Consultation and to engage the Community with regard to options.

RES.R15-328

Carried

Council noted that this Application was sent back to staff due to the issue with ingress and egress through the adjacent townhome complexes with the view there would be consultation with the other adjacent strata complexes.

Although there is no question that the intent when those first two developments were built that there would be shared access; the Azure and Abbey Lane residents did not grasp what it looked like and it does not appear there has been adequate consultation with those groups, Council requested the Application be sent back to staff to work with the Applicant regarding Public Consultation, the community needs to be engaged and educated about what the developer is attempting to achieve and engage the community in finding solutions or options.

 A-1 to CD: 16062 – 103 Avenue - to permit subdivision into 12 small suburban
 residential lots.

Approved by Council: October 7, 2013

Planning and Development advise (See memorandum dated February 23, 2015 in
 backup) that Council gave third reading to this Rezoning Bylaw on October 28,
 2013. Approval of this Rezoning Bylaw was subsequently received from the
 Ministry of Transportation and Infrastructure (MOTI) on November 5, 2013. Upon
 reviewing the Bylaw prior to consideration of final adoption, it was noted that
 there is a minor error in the Intent section of the By-law. Consequently, the Bylaw
 requires amending and referral to MOTI for re-approval, prior to final adoption.
 Council is requested to rescind third reading of Bylaw 18090, amend it accordingly
 in Section 2.A. and then grant third reading, as amended.

It was Moved by Councillor Gill
 Seconded by Councillor Steele
 That Council rescind Resolution R13-2282 of
