B. DELEGATIONS - PUBLIC HEARING

**1. Surrey Zoning Amendment Bylaw No. 18233
Application: 7914-0059-00**

CIVIC ADDRESS: 9671, 9677 and 9687 – 137 Street

APPLICANT: City of Surrey
c/o Ken Woodward

PURPOSE: The applicant is requesting to rezone the site from Single Family Residential to Comprehensive Development in order to accommodate a future combined emergency shelter/transition house facility.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

M. Bronsch, 96 Avenue & 137 Street: The delegation expressed concern regarding water and power servicing during the development. Staff in response noted that as part of the servicing for the site there will be utility and power upgrades to facilitate the development. The delegation requested that consideration be given to the residents of the neighbourhood regarding construction traffic mitigating potential inconvenience due to the project. Council noted that a project spokesperson would be determined and residents will be given contact information of the project manager to relay any concerns they may have.

F. Hodson, 97 Avenue & 137 A Street: The delegation expressed concerns regarding the following: 1) potential for dropped needles, 2) refuse and other unsavoury debris, i.e., condoms, feces, garbage from squatters, 3) increase in transient individuals 4) drug use/trafficking, and 5) the proposed project is not in keeping with the recent neighbourhood revitalization.

V. Vick, 101 Avenue & 141 Street: The delegation requested clarification regarding the use of the building. The Chair noted that the project is not to house convicts, but to provide a shelter and transition housing facility for individuals who are recovering. The delegation expressed concern that there are a number of transition houses existing in Surrey and it is unacceptable to introduce more than one in a neighbourhood.

D. Carchesio, 97 Avenue & 137 A Street: The delegation expressed the following concerns: 1) the area has been recently revitalized and that the proposed project is not in keeping with the context of the neighbourhood, and 2) the space would be better served as parkland.

G. Mitchell, PCI Developments: The delegation noted that as partners in Innovation Boulevard, the proposed project is not in keeping with the Boulevard.

A. Vick, 101 Avenue & 141 Street: The delegation requested clarification regarding the details on the facility. The Chair, in response noted that the proposed facility will be a low barrier shelter and offer services through Fraser Health and transitional housing. The delegation expressed the following concerns: 1) there are too many services, of the same type, in the same neighbourhood, 2) the area will not be used by walkers as a pedestrian route due to the nature of the individuals residing in the area.

H. Tessier, 96 Avenue & 137 Street: The delegation requested clarification regarding the zoning. Staff in response noted that the zoning, after third reading, will realize the size and height of the building. The proposed zoning allows up to 6 storeys. Staff further noted that the building would be designed by BC Housing and their consultant.

It was Moved by Councillor Martin
Seconded by Councillor Hayne
That the petition presented by the
delegation be received as information.

RES.R14-1002

Carried

The delegation noted that the petition agreed that there was a need for the use; however, the location should be reconsidered.

K. Fisher, 3866 Devonshire Drive (LARK Group): The delegation noted that the proposed use could be detrimental to the Innovation Boulevard project and requested Council to refer the project back to staff to determine a more suitable location.

It was Moved by Councillor Martin
Seconded by Councillor Hepner
That the map presented by the delegation be
received as information.

RES.R14-1003

Carried

J. Sheppard, 97 Avenue & 137 A Street: The delegation expressed concern that the project is placed in an area where the land values are greater than the intended use.

E. Model, President, Downtown Surrey Business Improvement Association: The rezoning must be put in place now. If an alternate location that works for the shelter is found, it may be that a change in location could be approved. It is important for the City to proceed based on the knowledge and facts currently before Council.

L. Hodson, 97 Avenue & 137 A Street: The delegation expressed concern the proposed development is not in keeping with the recently revitalized neighbourhood concept.

The Chair clarified that the City of Surrey is not building the project, the project is before Council regarding a rezoning application.

M. Tolman, 97 Avenue & 137A Street: The delegation noted that the area contains meth. labs and illegal activities. The Chair requested the resident to advise the RCMP of her concerns.

J. Singh, 97 A Avenue & 136 Street: The delegation expressed concern regarding the proposed rezoning associated with the development.

B. Burnside, President, Whalley Business Improvement Association: The delegation made the following comments: 1) there are best practice models of what good shelters can look like and Surrey needs to do better, 2) low barrier emergency housing/supportive housing is essential, and 3) the rezoning should be granted.

M. Wilson, 136 Street & 94 A Avenue (Phoenix Centre): The delegation noted that the location of the facility is debatable; however, many of the citizens have unanimously supported that the "right" location needs to be selected.

3. **Surrey Official Community Plan Amendment Bylaw No. 18231
Surrey Zoning Amendment Bylaw No. 18232
Application: 7913-0201-00**

CIVIC ADDRESS: 8745 – 162 Street

APPLICANT: 0978883 B.C. Ltd.
c/o Archstone Projects Ltd. (Parm Garcha)

PURPOSE: The applicant is requesting to redesignate the site from Urban to Multiple Residential and to rezone the site from One-Acre Residential to Multiple Residential 30 in order to develop 23 townhouse units. A development variance permit is being sought in order to reduce setbacks, vary parking requirements and outdoor amenity space requirements.

Note: See Development Variance Permit No. 7913-0201-00 under Section I.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

C. Gerard, 87 Avenue & 161 Street: The delegation expressed the following concerns: 1) access/entrance to the current development, 2) potential for increased traffic, and 3) the block between 88 and 161 Street is very busy and the proposed development will cause undue hardship for the residents.

Staff clarified that the delegation is speaking to a parcel of property that came before Council two weeks ago and there will be improvements along 161 Street and the developer will be improving the frontage.

R. Hart, President, Fleetwood Community Association: The delegation clarified that at the end of 161 Street, two concrete barriers were placed as a temporary measure. The project located on 162 Street has been reviewed with planning and the City Architect and after discussions with the proponent the development before Council has been modified to accommodate side-by-side parking. The Fleetwood Community Association is pleased with the development.

The delegation expressed concern regarding the following: 1) an offset road alignment on 88 Avenue and requested Council direct staff to conduct a traffic safety review, 2) landscape drawings and architectural conceptual site plans do not align, 3) will a concrete sidewalk/curb be added or will they be dealt with as an interim measure.

Staff in response noted that the sidewalk will be concrete with curbing. Staff will refine the detail of the alignment as they enter into the final design. The Chair requested staff to provide the delegation with clarification.

4. Surrey Zoning Amendment Bylaw No. 18229
Application: 7914-0081-00

CIVIC ADDRESS: 6022, 6030, 6036, 6042 and 6048 – 138 Street, 6021, 6029, 6035 and 6041 – 138A Street

APPLICANT: North 60 Development Inc.
c/o Hunter Laird Engineering Ltd. (Clarence Arychuk)

PURPOSE: The applicant is requesting to rezone the site from Single Family Residential (9) to Single Family Residential (10) in order to develop 9 single family residential lots.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

There were no persons present to speak to the proposed By-law.

5. Surrey Zoning Amendment Bylaw No. 18234
Application: 7913-0092-00

CIVIC ADDRESS: Portion of 6085 – 144 Street

APPLICANT: Richard and Lieselotte Sickmueller
c/o Park Ridge Homes (Panorama) Ltd. (Brad Hughes)

PURPOSE: The applicant is requesting to rezone the portion of the property from One-Acre Residential to Comprehensive Development in order to permit the development of 29 townhouse units. The western portion of the property will be consolidated with a portion of 6075 – 144 Street to create a new park lot. A development variance permit is being sought to vary the number of visitor parking stalls and the minimum length of an unenclosed tandem parking space for Buildings 1 and 2.

Note: See Development Variance Permit No. 7913-0092-00 under Section I.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

D. Jack, President, Surrey Environmental Partners: The delegation expressed the following concerns: 1) the wording used concerned the proposed tree retention plan is vague, 2) the report is unclear concerning lane and tree plantings, 3) by-law sized trees are 12-inches in diameter and the wording should be reconsidered for future reports.

Staff in response noted that the comment relates to the tree that is located in the open space. Parks staff will need to go and assess the tree to make the determination. Staff clarified that staff reviewed the project in terms of retaining trees in the proposed park site and can do so in retaining the lane without encroachment of private homes into the park. On the boulevard on 144 Street, it was determined that trees could be planted within the boulevard strip. Staff further clarified that there is not necessarily landscaping on the boulevard because it is abutting the park. Staff noted that replacement trees are per the tree by-law, they will be replacement trees but will not be from mature trees.

6. Surrey Zoning Text Amendment Bylaw No. 18215

APPLICANT: City of Surrey

PURPOSE: This text amendment will amend Schedule F and Schedule G by updating existing Area XVIII to include a Transit-Oriented Area in the Land Use Concept Plan as described in Corporate Report 2014-R071.
File: 3900-20-18215

The Notice of the Public Hearing was read by the City Clerk.

There were no persons present to speak to the proposed By-law.

J. NOTICE OF MOTION

K. OTHER BUSINESS

1. My Neighbourhood My Future - United Way Campaign

Council noted that in partnership with the United Way and Simon Fraser University regarding the My Neighbourhood My Future Campaign in addressing child vulnerability starts by building strong and healthy neighbourhoods.

Over the next five years, the United Way will pilot the initiative by making significant investments in two Lower Mainland neighbourhoods as follows:
1) Guildford West Area of Surrey and 2) Port Coquitlam.

The two neighbourhoods were chosen following rigorous research undertaken by HELP and SPARC into child vulnerability rates and socio-economic statistics. In addition, interviews and an assessment of local capacity to make change were conducted with community leaders and other experts.

Council noted that the My Neighbourhood My Future initiative will help the vulnerabilities in early years of child development from ages 0-6.

2. **Railway Safety Report - Federation of Canadian Municipalities (FCM) Conference Update**

FCM has provided detailed comments and recommendations to Transport Canada on the federal government's proposed Grade Crossing Regulations, including the need for additional funding for crossing improvements.

There remains a need for additional refinements that address the outstanding concerns of the municipal sector while continuing to meet Transport Canada's regulatory objectives. Council noted the Railways will respond to a 27 based risk assessment throughout the Nation. BNSF is one of the railways that will be responding to the risk assessment.

Vulnerabilities of areas in geography that have bluff issues, i.e., Crescent Beach and White Rock will not be addressed as part of the 27 initiatives defined; however the City of Surrey can define criteria and push some of these concerns as assessment actions the railways must address.

Council requested staff to collaborate with the City of White Rock on outlining vulnerabilities/concerns in a comprehensive report as part of the regulatory objective review process.
