B. DELEGATIONS - PUBLIC HEARING

1. **Surrey Official Community Plan Amendment Bylaw No. 18405
Surrey Zoning Amendment Bylaw No. 18406
Application: 7909-0180-00**

CIVIC ADDRESS: 19019 – 54 Avenue

APPLICANT: Gordon Dams
c/o Teck Construction LLP (Teri Hudson)

PURPOSE: The applicant is seeking to consolidate 2 properties (19019 and 19033 – 54 Avenue) in order to permit the development of a 2 storey industrial building by redesignating the property from Suburban to Industrial and rezoning from One-Acre Residential to Light Impact Industrial.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

D. Jack, President, Surrey Environmental Partners: The delegation noted that the tree report attached to the application indicate there are 13 conifers and none are expected to be conserved. The Applicant's report emphasised that the site had been planted prior to the Biodiversity Conservation Strategy (BCS) being signed by Council. The delegation asked whether consideration can be given to reviewing the proposed tree removal plan, green roofs, green walls, the use of swales and rainwater gardens.

Concerned Citizen: The delegation expressed concern that a recycling depot business use may be considered for the property, whether or not it will be confined to an enclosed building, the type of recycling that would occur; and potential for increased traffic in the area.

2. **Surrey Zoning Amendment Bylaw No. 18407
Application: 7914-0260-00**

CIVIC ADDRESS: 5738 – 175 Street and 17555 – 57A Avenue

APPLICANT: City of Surrey
c/o ZGF Cotter Architects Inc. (Rob Whetter)

PURPOSE: The applicant is seeking to amend Comprehensive Development Bylaw No. 17464 in order to permit the development of a 4-storey mixed-use building on a portion of the site.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

D. Jack, President, Surrey Environmental Partners: The delegation requested consideration be given to green roofs, green walls, the use of swales and rainwater gardens. The delegation expressed concern regarding the proposed reduction of outdoor amenity space.

M. Bola, President, Cloverdale Community Association: The delegation expressed concern with the parking associated with the development and noted that the original 57 Avenue layout noted on-street parking. With such limited commercial parking (sharing 17 residential visitor parking spots) will there be an issue with parking. There are 75 stalls required for commercial parking, if some of the visitor shared parking stalls are used by individuals attending private residences, the available stalls will be greatly reduced. The delegation further noted that outdoor green space is needed in the area.

Council requested staff to clarify the parking issue. Staff noted that at this time, the site plan does not indicate on-street parking.

3. **Surrey Heritage Revitalization Bylaw No. 18409**
Application: 7914-0288-00

APPLICANT: Elizabeth McDonald
c/o Pattison Architecture (Eric Pattison)

PURPOSE: The applicant is entering into a heritage revitalization agreement in order to allow for a coach house and additions to the Heritage Cobblestones property.

The Notice of the Public Hearing was read by the City Clerk. The location of the property was indicated to the Public Hearing.

E. Pattison, Project Architect: The Architect noted it is a significant project for the Crescent Beach Area and that part of the heritage incentive includes a secondary suite in the Coach House instead; the original house is getting a few minor additions to it to bring it up to liveable standards.

Concerned Resident, O'Hara Lane: The delegation noted he is in favour of heritage retention and the aspects of the bylaw. The delegation expressed concern regarding parking and the potential impact on visitors to the beach. There are currently 4 vehicles located on-site and the coach house application will require additional parking. There is an element of congestion in the area; O'Hara Lane is a street that services the properties that face the beach as it is very narrow. Another concern is the fire situation; the fire department will have an issue getting access to the home on the beach side as the hydrant is on McBride. The delegation

expressed concern regarding how other similar applications will be addressed by Council.

K. McDonald (Owner/Applicant): The delegation clarified that there is an existing garage that will be removed to accommodate parking and that the fire access will be through the rear of the property.
