**B. DELEGATIONS - PRESENTATION**

1. **Brian Aasebo, Community Safety Program Manager**

File: 0250-20

Brian Aasebo, Community Safety Program Manager, provided an update regarding the Surrey Anti-Gang Family Empowerment Program ("SAFE"). The following information was highlighted:

- The SAFE program is a proactive approach to addressing youth gang involvement and consists of 10 partner agencies delivering 11 programs utilizing \$7.5 million of Federal funding. As of March 2020, SAFE partners have provided services to over 1500 Surrey residents.
- The Children and Youth At-Risk Table (CHART) takes place in the SAFE Centre and involves a team of 16 partner agencies that meet weekly to identify and support vulnerable six to 19 year-olds and their families. Within its first year, CHART has met 47 times and accepted 180 cases. The average age of CHART clients is 14 years old and identifies as male. CHART services all of Surrey, with the highest concentration of cases located in Newton, Guildford and Whalley.
- The Surrey Mobilization and Resiliency Table (SMART) is a sister program to CHART. SMART was launched in 2015 in response to societal issues such as homelessness and mental health. SMART provides services to clients 20 years old and over.
- To measure SAFE's impacts, an external consultant was hired to evaluate the program's effectiveness. The review indicated that SAFE is applying the right approach to service delivery by utilizing a trauma-informed approach, target clients are being engaged and gang risk is being reduced.
- SAFE continues to introduce new programs, such as Chalo Baat Karein, a virtual meeting group for South Asian parents, the Engage and Empower (E2) project, conducting student research and the #safetogether presentation series.
